

AMERICANS TAKE PART OF THE HINDENBURG LINE

Engage In Heavy Fighting Thruout the Day

BULLETIN.
LONDON, Sept. 30.—Half of the Hindenburg line, from which the Germans are retiring, has been captured by the French.

BULLETIN.
LONDON, Sept. 30.—7 p. m.—The Associated Press reports that the American troops, which were sent to the front today by Belgian troops, are fighting in heavy fighting thruout the day. There was much hand-to-hand fighting and large numbers of Germans have been killed.

Other troops have been sent to the front today by Belgian troops, are fighting in heavy fighting thruout the day. There was much hand-to-hand fighting and large numbers of Germans have been killed.

Wilson Draws First Number of Big Lottery

WASHINGTON, Sept. 30.—The drawing of order numbers for the thirteen million draft registrants enrolled Sept. 12 was started today by President Wilson.

Blindfolded, the president put his hand into the great glass lottery bowl and drew out one of 17,000 capsules. It contained slip No. 322, thus giving to men holding that serial number first place in their respective classes after registrants already classified under previous registrations.

The number was low enough to touch the list of every local draft board in the country except one or two of the very smallest.

Vice-President Marshall drew the second number and was followed by sixteen other notables who had been invited to participate in the formal ceremony of opening the drawing. When it was over, officers and enlisted men of the army, assisted by a corps of tellers, settled down to the task of emptying the bowl.

Two thousand numbers had been drawn and recorded before four o'clock in the afternoon indicating that probably thirty six hours would be required to complete the work. The readers and tellers worked in relays, so the drawing continued almost without interruption thru the night.

Provost Marshal General Crowder hoped to finish early tomorrow evening. Only the first hundred numbers were flashed to the country by telegraph. Because of the impracticability of telegraphing all of the 17,000 the press had been asked to refrain from sending more than 100 numbers. The complete master lists will be mailed as soon as the drawing is over to district draft boards thruout the country, to be made public by them.

The drawing is taking place in one of the large caucus rooms of the senate office building. There was an interested crowd to witness the opening ceremony.

TELEGRAPH BRIEFS

CHICAGO, Sept. 30.—The Great Lakes Naval Training Station was declared practically free from influenza by Captain Moffett, commandant, tonight.

BLOOMINGTON, Ill., Sept. 30.—Three deaths occurred today at Forrest, Ill., as a result of Spanish influenza.

Two hundred and fifty cases have been reported, forty developed into pneumonia.

IRS, Sept. 30.—French cavalry have entered Ussak according to official advices from Saloniki.

PINE BLUFF, Ark., Sept. 30.—Lieutenant Fred H. Becker awarded the distinguished service cross by General Pershing with fifteen other officers and enlisted men who were killed in action as a resident of Waterloo, Iowa, according to friends here tonight.

AN ATLANTIC PORT, Sept. 30.—Twenty sailors from a naval vessel in the harbor here were drowned last night by the capsizing of a naval tender in which they were returning to their ship. Eleven other men were rescued. No bodies have been found.

BASEL, Switzerland, Sept. 30.—Cholera has broken out in Berlin, according to advices received here. There have been seven cases, of which six were fatal.

WASHINGTON, Sept. 30.—Tyron Raymond Cobb, former star outfielder of the Detroit Americans, but now a captain in the gas and flame service of the army has been ordered to Camp Humphries, Va., for training. He will report this week.

LONDON, Tuesday, Oct. 1.—Frederick von Payer, German imperial vice-chancellor, has resigned, according to an Amsterdam despatch to the Central News.

PROHIBITION BILL BACK TO CONFEREES

WASHINGTON, Sept. 30.—The emergency agricultural appropriation with its rider for national prohibition from next July 1, until the American armies are demobilized after the war, was sent back to the senate and house today by the conferees who were unable again to reach a position regulating reuts in the district of Columbia.

Complete agreement was reached on all other provisions in the measure. These included a house amendment by which the bill must be approved by the first three readings and by the senate and house in a single session.

House appropriation of \$105,000 to estimate the cost of beef cattle and sheep, and teaching women in the west was restored.

ALLIES' TERMS ARE ACCEPTED BY BULGARIA

Armistice Calls for Unconditional Surrender

LONDON, Sept. 30.—The armistice concluded with Bulgaria by the entente allies is a purely military convention and contains no provisions of a political character.

Bulgaria also will surrender her boats and control of navigation on the Danube and concede to the allies free passage thru Bulgaria for the development of military operations. All Bulgarian arms and ammunition are to be stored under the control of the allies to whom is conceded the right to occupy all important strategic points.

The Associated Press learns that the military occupation of Bulgaria will be entrusted to British, French and Italian forces and the evacuated portions of Greece and Serbia respectively to Greek and Serbian troops.

The armistice means a complete military surrender and Bulgaria ceases to be a belligerent.

All questions of territorial rearrangements in the Balkans were purposely omitted from the convention. The allies made no stipulation concerning King Ferdinand and his position being considered an internal matter, one for the Bulgarians themselves to deal with.

The armistice will remain in operation until a final general peace is concluded.

Washington Gratified

Washington, Sept. 30.—Altho deeply gratified that Bulgaria has signed an armistice which must be followed by her elimination from the war, American officials have carefully refrained from exercising any direct influence in this momentous event. Since the United States never has declared war on Bulgaria the government has not felt at liberty to make any suggestions to its co-belligerents at this stage, which is regarded as purely military. It is believed, however, that in the final adjustment of the important political questions involved in the conditions to be imposed on Bulgaria at the conclusion of the war the United States will be invited to discuss this subject with the entente allies at the peace council.

It was stated today that in instructions had been given to any American diplomatic representatives in the Balkans to extend good offices of the United States to Bulgaria or the allies. In notifying the state department that his government had requested an armistice, Stephen Pararetoff, the Bulgarian minister here undoubtedly gave the impression that such action would be gratefully received by Bulgaria. It is considered possible that Minister Pararetoff may have exerted no small influence with his friends in Bulgaria to bring about the decision to quit the war. No statement to that effect has been made but it is known that for some time the minister has felt that a mistake was made in the alliance of his country with the central powers. No details of the armistice had been received by the state department tonight besides those contained in the press reports and therefore officials did not feel in a position to discuss the questions destined to rise. But it was realized that in any event results of the greatest importance as affecting the future progress of the war must follow.

PERSHING AWARDS SERVICE CROSSES

WASHINGTON, Sept. 30.—General Pershing today reported that the distinguished service cross has been awarded to fifteen officers and enlisted men who were killed in action after performing acts of extraordinary heroism. The heroes include:

Major Arthur E. Boulton, (no record), Lieutenants Isaacs V. Goltz, Blue Mound, Ill.; Judson P. Galloway, Newburgh, N. Y.; Fred H. Becker, no record, and Lowell H. Riley, Orange, N. Y. Sergeants John S. Simpson, Manchester, Kans.; and Carl E. Payson, Monroe, Minn.; Corporals Robert E. Craik, Bay City, Mich.; and Arthur J. Stuart, Lubec, Mich.; Privates Charles R. Burke, Malvern, Iowa; Harry Ollrich, Mount Clemens, Mich.; George McFarling, Flint, Mich.

PRESIDENT CANNOT COME TO CAPITAL

SPRINGFIELD, Ill., Sept. 30.—President Wilson in a letter to Governor Lowden today announced that it would be impossible for him and himself, much to their regret, to be present at the unveiling of the Lincoln statue here October 5.

"Every consideration disposes us to accept most of all our deep personal interest, but apparently I am bound hand and foot by imperative duties, which I should wholly dishonor Lincoln's memory by neglecting."

The letter declares "at any rate at present this seems to be the situation, and we can only beg that you will accept our assurance of genuine regret."

From Cambrai to St. Quentin the British and Americans have delivered successfully some hard smashes against the German strong points all along the front.

HAVE YOU MADE A BOND SUBSCRIPTION?

The Morgan county allotment for the Liberty Loan is \$1,746,000.

The precinct allotments are as follows:

Alexander	\$138,000
Arcadia	34,500
Centerville	21,500
Chapin	63,500
Concord	68,000
Franklin	121,500
Jacksonville	693,000
Literberry	56,000
Lynnville	52,000
Markham	39,000
Meredosia	77,500
Murrayville	72,000
Nortonville	31,500
Pisgah	56,500
Prentice	74,500
Sinclair	69,000
Waverly	101,500
Woodson	77,500

Total \$1,746,000
Complete subscription returns are not yet available but they total about \$800,000.

The government needs money for the successful prosecution of the war. The allies have made splendid advances during recent weeks. The war news is most encouraging. Are you not willing to lend your dollars to help your government and your soldiers keep on in this good work?

Will it be bonds or bondage?

Will you be victors or vassals?

Patriotism can give but one answer. Subscribe liberally for Liberty Bonds. This is not a gift, not a contribution, but simply a loan, an investment at an excellent rate of interest. Don't delay your subscription but see your banker, sign a card and help make Morgan county one of the honor counties of the state in forwarding a quick over the top return.

WAR SUMMARY

News of Activities On Various Battle Fronts In Summarized Form By Associated Press.

Bulgaria is definitely out of the war and Turkey, virtually out of communication with her allies and her armies in Palestine almost annihilated—likely soon will be forced to sue for a cessation of hostilities against her.

Meanwhile the entente allied forces from Belgium to Verdun on six battle fronts are registering victory after victory over the Teutonic armies and the enemy front almost everywhere is crumbling, notwithstanding the desperate resistance that is being offered on various sectors.

Seeing eventual defeat staring her in the face thru the swift progress of the Serbian, Italian, British, Greek and French troops in the reclaiming of Serbia and the invasion of Bulgarian territory the Bulgars begged for an armistice reserving to themselves no conditions. All the territory now held by King Ferdinand's men is to be evacuated; the Bulgarian army is to be immediately demobilized and all means of transport inside the kingdom, even along the Danube is to be given over to allied hands.

Thus in addition to the isolation of Turkey the back door to a direct invasion of Austria-Hungary is flung wide open to the allies and doubtless the time is not far distant when the new avenue thru which the enemy can be reached.

With the debacle in Bulgaria complete the Austro-Hungarians in Albania soon will be put to the test and when their evacuation their own borders is accomplished the allies will have welded an iron semi-circle about the central powers of the Black Sea to the North Sea.

Viewing the situation in all its aspects—the success of the great offensive in Belgium and France; the blotting out of the war zone in the Balkans; the cutting off of the Turks from intercourse with Germany and Austria-Hungary except by the long route thru the Caucasus and southern Russia and the steady gains that are being made by the allies in making Russia once more a factor in the struggle—the darkest days of the war seem to be faced by the Austro-Germans.

On all the sectors under attack from Belgian Flanders to the region of Verdun the German front is gradually bending back under the violence of the attacks of the British, Americans, French and Belgians. In Belgium the advance of the troops of King Albert and of Field Marshal Haig have pierced so deeply eastward that Germany is in jeopardy thru the impending cutting of the lines of communication behind them. The famous Messines-Wytschaete ridge has been captured and the allied guns dominate the plains beyond.

Both Meuse and Rovers, important railroad junction points for the supply of the German armies north and south are virtually in the hands of the British and Belgians and seemingly soon must fall.

From Cambrai to St. Quentin the British and Americans have delivered successfully some hard smashes against the German strong points all along the front.

including the remaining portions of the old Hindenburg line. The Germans here are offering strenuous resistance and in counter-attacks compelled the British on one or two sectors to withdraw for slight distances. The British are in the process of cleaning up the town of Cambrai, having penetrated its suburbs from the northwest and southwest.

In the region of St. Quentin where the Americans are fighting with the British the old Hindenburg line has been cut and penetrated to a depth of three miles over a front of eight miles.

In conjunction with the operations of the French northeast of Soissons the Germans have begun the evacuation of the Chemin des Dames and the French now hold half of this famous defensive position. Likewise there is an indication that the enemy intends to give up the remaining positions held by him along the Vesle to Rheims.

In Champagne the French troops west of the Aronne forest everywhere are pressing forward and likewise to the east of this position the Americans are moving northward in unison.

Already the big forest is virtually outflanked and apparently soon will be made a part of the Franco-American line. From the St. Mihiel sector the Americans are heavily bombarding enemy troop trains which are being hurried to the front.

Reports from Amsterdam are to the effect that Emperor William has accepted the resignations of Count von Hertling and Admiral von Hintze, Imperial German chancellor and foreign minister.

HERTLING QUILTS EMPEROR WILLIAM

AMSTERDAM, Sept. 30.—Emperor William has addressed the following to Count von Hertling: "Your excellency has reported to me that you no longer find yourself in a position to remain at the head of the government. I will not hide from myself your reasons and, must with heavy heart deny myself your further co-operation."

"You are certain of the thanks of the fatherland for the sacrifices you made in undertaking the chancellor's office in grave times and for the services you rendered. I desire that the German people shall co-operate more effectively than hitherto in deciding the fate of the Fatherland."

"It is therefore, my will that the men who have been borne up by the people's trust shall in a wide extent co-operate in the rights and duties of the government. I beg you to terminate your work by continuing to conduct the government's business and preparing the way for measures desired by me until I have found a successor for you."

von Hintze Also Resigns.
London, Sept. 30.—The Central News correspondent at Amsterdam notes a German despatch to the effect that the emperor has accepted Admiral von Hintze's resignation.

CAMP GRANT SOLDIERS DIE
Camp Grant, Ill., Sept. 28.—Three Camp Grant soldiers died yesterday of pneumonia which followed Spanish influenza. They were Ralph C. Will, Dixon, Ill.; James Carroll, Arrowville, Ill.; and William Bloom, Edwardsville, Ill.

U. S. GOVERNMENT ANSWERS RECENT GERMAN THREAT

To Execute American Prisoners in Possession of Shotguns

WASHINGTON, Sept. 30.—The American government in reply to Germany's threat to execute American prisoners of war found in possession of shotguns today gave notice that if Germany carried out any such threat suitable reprisals will be taken.

The article of The Hague convention on which Germany based its protest was that forbidding the employment of "arms, projectiles, or materials calculated to cause unnecessary suffering."

Officials said this is directed not against efficiency in killing, wounding or injuring but against cruelty and terrorism. Within such prohibitory category, they said, falls chlorine gas, flame-throwers or saw tooth bayonets used by the Germans. The shotgun, it was contended, is exactly analogous to shrapnel shells discharging a multitude of small bullets or a machine gun discharging a spray of pointed bullets.

Officials said that nine bullets are used in each cartridge in the shotguns and that the only instance where a shotgun projectile causes more injury to one enemy soldier than would a hit by a rifle bullet are instances where the enemy soldier has approached too close to the shooter that he is struck by more than one bullet. This, like the effect of the shrapnel shell, it was argued, is permissible either in behalf of the greater effectiveness as an unavoidable incident of the use of small scattering projectiles for the necessary purpose of increasing the likelihood of killing a number of enemies.

Shotguns Very Effective
So far as is known here, shotguns have been employed by American troops in France only in police work and in repelling trench raids. Officers say they have been very effective in meeting enemy attacks because they furnish scattering fire at point blank range and the roar of them alone is very hard on the morale of the troops against whom they are used. There is a possibility it was said, that shotguns have been used in mopping up captured trenches, but they have not been extensively distributed to troops abroad nor do they supply any other weapon. They are viewed by some officers as an answer to the German gas grenades and flame throwers use of which is specifically forbidden by the generally recognized rules of warfare.

Secretary Lansing's reply made public today declares that the use of shotguns is sanctioned by the Hague conventions and that in comparison with other weapons now being used by the American troops cannot be the subject of legitimate or reasonable protest.

"If the German government should carry out its threat in a single instance," says Secretary Lansing's reply, "it will be the right and duty of the United States to make such reprisals as will best protect the American forces and notice is hereby given of the intention of the government of the United States to take such reprisals."

Lansing's Reply
After acknowledging receipt of the memorandum submitted thru the Swiss legation, communicating the German protest, Secretary Lansing said:

"In reply to the German protest the government of the United States has to say that the provisions of The Hague convention cited in the protest, does not in its opinion forbid the use of the weapon."

Moreover in view of the history of the shotguns as a weapon of warfare, and in view of the well known effects of its present use and in the light of a comparison of it with other weapons approved in warfare, the shot gun now in use by the American army cannot be the subject of legitimate or reasonable protest.

"The government of the United States notes the threat of the German government to execute every prisoner of war found to have in his possession shot guns or shot gun ammunition. Notwithstanding this threat inasmuch as the weapon is lawful and may be rightfully used, its use will not be abandoned by the American army. Moreover, if the German government should carry out its threat in a single instance, it will be the right and duty of the government of the United States to make such reprisals as will protect the American forces, and notice is hereby given of the intention of the government of the United States to make such reprisals."

The protest of the German government submitted thru the Swiss charge at interim is as follows: "The German government protests against the use of shot guns by the American army and calls attention to the fact that according to the law of war and military custom every prisoner of war found to have in his possession such guns and ammunition belonging thereto forfeits his life. This protest is based upon article 23 (E) of The Hague convention

Yankee Airmen Bring Down 60 Planes Saturday

AMERICAN HEADQUARTERS IN FRANCE, Sept. 30.—Morning Reuters'—The outstanding achievement of the American army in the latest offensive undoubtedly was that of its aviators who have done all that was expected of them and much more.

Their commander, Colonel Mitchell, proudly claims there is nothing to beat them in the world and it will be long before their record up to Saturday is surpassed, with sixty machines downed and twelve balloons burned without a single casualty.

20,000 NEW CASES OF SPANISH INFLUENZA

Pneumonia Cases Number 733 and Deaths 277—Total Number of Influenza Cases in All Camps Number 72,327.

Washington, Sept. 30.—More than 20,000 new cases of Spanish influenza were reported from army camps during the 48 hours ending at noon today. Pneumonia cases reported number 733 and deaths 277. The total of pneumonia cases now is 5,766 and deaths 1,577.

The total number of influenza cases in all camps was 72,327 said a statement tonight from the office of the surgeon general of the army. The new cases reported Sunday numbered 9,242 and those today 11,024.

Three camps today reported more than 1,000 new cases. Camp Pike, Ark., had 1,205; Camp Sherman, Ohio, 1,200 and Camp Jackson, S. C., 1,168. Pneumonia cases are increasing in these camps but the death rate continues low. The highest death rate reported today was from Camp Dix, N. J., where 54 soldiers died and where, next to Camp Devens, Mass., the epidemic is most severe. Camp Devens continued to show a marked decrease in new cases only 107 being reported today with 47 new cases of pneumonia. The total of influenza cases reported from this camp is 12,707, with 1,860 cases of pneumonia and 593 deaths.

More than 2,000 extra nurses have been sent to various camps it was said tonight and authority has been given to engage locally as many as are needed. Additional hospital facilities are being provided at points where the disease is on the increase.

REPORTS OF LIBERTY LOAN ENCOURAGING
Flood of Subscriptions in First Two Days Come Mainly from Big Business Interests in Large Cities.

BULLETIN.
CHICAGO, Sept. 30.—With subscriptions of \$148,920,000 against a quota of \$147,900,000, Iowa went over the top tonight in the fourth liberty loan campaign it was officially announced at the headquarters of the seventh federal reserve district. Unofficially it was claimed that Iowa was the first state in the union to complete its quota.

Washington, Sept. 30.—Reports of the progress of the Fourth Liberty Loan received tonight at the treasury were encouraging, but were not supported by definite sales figures and officials said it would be about two days before official totals are available from other federal reserve districts or for the entire country. Apparently the flood of subscriptions in the first two days came mainly from big business interests in large cities, and better showing is expected later in the week as a result of smaller popular pledges.

The second day's business in New York was good, but pledges supported by the initial payments represented only a small part of the subscriptions actually gathered in.

In Iowa two thirds of the counties have oversubscribed and won the Fourth Liberty Loan flag according to a message from that state tonight.

The peninsula of Upper Michigan has raised more than its quota, and in the Minneapolis district 36 counties have oversubscribed.

Vinitia, Okla., is claiming the right to name the first ship of the emergency fleet corporation to be christened under the liberty loan contest plan. These contests will not be decided until the loan is over.

Other communities exceeding their quotas, according to late reports are Glenn Ely, Ill.; Napoleon, Ohio; Kerman, Calif.; Seabrook, Maine and Long Beach, L. I.

BRITISH DOWN 35 ENEMY PLANES
London, Sept. 30.—Thirty five German airplanes were put out of action and fifteen balloons destroyed in the air fighting of Sunday, according to Field Marshal Haig's report on aerial activity tonight. Nineteen British planes failed to return to their bases. The statement reads:

respecting laws and customs of war on land. A reply by cable is required before Oct. 1, 1918."

SENATE FAILS TO REACH VETO ON SUFFRAGE BILL

Final Action On the Measure Expected Today

WASHINGTON, Sept. 30.—The senate again today failed to reach a vote on the woman suffrage federal amendment resolution. President Wilson had delivered a personal appeal for passage of the resolution as a war measure, senators resumed debate which will be continued tomorrow when leaders expect final action.

Under weight of the president's appeal, advocates of the resolution were hopeful tonight of mustering the necessary two-thirds majority, but leading opponents were insistent that they would be no defection from their ranks.

Unexpectedly intervening in the senate fight the president went to the capitol at 1 o'clock to tell the senators why he regarded favorable action on the resolution necessary. Approval of the resolution the president said, is necessary if America is to lead the world to democracy for it will be judged by its acts.

"It is my duty to win the war," said the president, "and to ask you to remove every obstacle that stands in the way of winning it. I tell you plainly that this measure which I urge upon you is vital to the winning of the war and to the energies alike of preparation and of battle. And not to the winning of the war only. It is vital to the right solution of the great problems which we must settle and settle immediately when the war is over."

President Addresses Congress.
An audience which crowded both the senate floor and galleries and which included members of the cabinet, senators, representatives and other officials cheered the president as he entered the chamber, but did not interrupt his address with applause. Many senators opposing the resolution did not join in the final demonstration. After the president's address the senate resumed debate while leaders reconvened senators to determine the effect of the president's invitation.

Champions of the resolution said they can safely count on 63 of the senate's 96 votes or two less than the requisite two thirds majority. Opposition leaders declared that despite the president's action none of the 34 members heretofore as opposed to the resolution had given any indication as voting for it. With nine senators absent and paired—six for and three against the resolution—the senate was said to stand 56 to 31, respectively, with a change of two senators necessary to carry the amendment.

Has No Effect on War.
Before the president left the capitol today, attack on the resolution from the Democratic side began. Senator Underwood of Alabama, told the senate that the resolution adoption could not affect the result of the war because the war probably would be over before the proposed constitutional amendment would become effective.

Senator Phelan of California Democrat referred to the president's action as a compliment to the senate, declaring the executive had answered the question of Senator Benet of South Carolina as to whether the resolution was a war measure. Senator Phelan called upon the senate to respond to the president's appeal, while Senators Smith of South Carolina and Beckham of Kentucky, both Democrats insisted that the resolution was not a war measure.

Senators urging adoption of the resolution included Jones of Washington, Republican, Kirby of Arkansas, Democrat, Walsh of Montana, Democrat, Kendrick of Wyoming, Democrat, and Frelinghuysen of New Jersey, Republican.

Debate is expected to close early tomorrow as only a few senators have indicated a desire to speak.

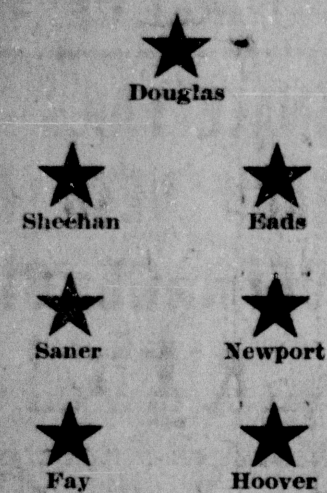

SEVEN DEATHS FROM AVIATION
Washington, Sept. 28.—Seven deaths from aviation accidents at training fields at home in the week ending September 21 were reported today in a summary by the war department.

WEATHER INDICATIONS AND TEMPERATURES
Illinois: Generally fair Tuesday and Wednesday; cooler extreme south Tuesday; warmer Wednesday.

Temperatures
The current, maximum and minimum temperatures as recorded Monday were:

SEVEN DEATHS FROM AVIATION

Washington, Sept. 28.—Seven deaths from aviation accidents at training fields at home in the week ending September 21 were reported today in a summary by the War Department.

The JOURNAL'S
SERVICE FLAG

their own cause weakening and the allies growing stronger, their spirit will become more tractable. A study of the war map shows the Bulgarian army practically surrounded. There is no wonder that the Bulgars wanted an armistice.

WORKING TOGETHER.

Reference has been made before in these columns to the splendid feeling of unity which exists in Franklin in all war time enterprises. There during the past year the Catholic priest and the Methodist clergyman have been working shoulder to shoulder. At all times every patriotic gathering they have spoken from the same platform and together they have assisted in marshaling all the forces of Franklin and vicinity in support of the various patriotic movements.

The splendid unity of feeling was further emphasized last night when a purse of gold to the value of \$150 was presented to Rev. W. E. Keenan by the people of the community. Rev. Father Smith serving as the spokesman. The spirit of Franklin is one which should prevail in war times and after the war.

THE HOME FRONT.

The battle front in Europe is not the only American front. There is a home front, and our people at home should be as patriotic as our men in uniform in foreign lands.

Every American soldier who has fallen in France, every American sailor who has died for his country's cause has given his life for his people. Surely we, their people can lend our money to our Nation, their country.

The Fourth Liberty Loan is the fighting loan. Its great success will bring comfort and encouragement and a deep sense of pride to our Army and our Navy, and to our allies; it will bring discouragement to our enemies. Its success means American victory, Prussian defeat.

The fourth loan is the fighting loan, the soldiers' loan.

COUNTY AGENT THE KEYSTONE.

That the importance of the county agent is recognized as the key to the great agricultural structure of this country, between the farmer at the basis of food production and the nationally organized forces of agriculture, is shown by a telegram recently sent by Secretary Houston to the Missouri farm bureau associations.

The executive committee of these associations, in conference at Warrensburg, Mo., pledged their complete support to the national agricultural war program. In reply to their resolution, the Secretary of Agriculture sent the following telegram:

"Your patriotic resolution, pledging complete support of the Missouri Farm Bureau Association to our Government in carrying out the National agricultural war program is greatly appreciated. The Farm Bureaus in the Northern and Western States are doing excellent work and their co-operation with the county agricultural agents who are the Nation's local representatives in war work relating to agriculture is very essential. May I therefore urge that you cooperate with your State Agricultural College in bringing to the attention of all Missouri farmers, especially in counties not having farm bureaus the importance of every Missouri county being provided with a county agent and a strong farm bureau before next spring's seeding, since these are the principal local agencies for increasing food production to help win the war."

Rippling Rhymes
By Walt Mason

THE PEACE OFFENSIVE.

When Prussia starts her peace offensive, with bows and becks and smiles extensive, don't let her fool you for a minute; her soul is false, there's evil in it. She'll say, "Oh, why continue further this crimson carnival of murder? My lords of war are more than willing to put a stop to all the killing, if but our foes will half way meet us, and in a proper spirit greet us. Let's gather round

the council table; and surely there we shall be able to frame the plan this world is needing, and stop the dying and the bleeding." It's when half whipped and shot to pieces that Kaiserdom such bunk releases. It's when this foul and false deceiver sees near her neck the fatal cleaver, that she of peace begins to mumble, and tries to look abjectly humble. You know how trusty are her pledges; she swears an oath and then she hedges; with her all treachery's in season; she's full of guile and lies and treason. To whisper peace bunk she will grab you, and while she whispers she will stab you. While she's deploring war and slaughter she'll plan to kill your wife and daughter. With manner sweet and mild and pensive she'll shortly spring her peace offensive. Don't let her fool you for a minute; her heart is wrong, there's evil in it.

THIS DATE IN HISTORY

October 1, 1864—Died in Jacksonville, Illinois, Col. Matthew H. Starr of the Sixth Illinois Cavalry, was severely wounded in the attack on Memphis.

LOUIS A. DAY DIED AT
CAMP GRANT MONDAY

Jacksonville Boy Succumbs to Pneumonia Following Attack of Influenza—Inducted Into Service September 3—Burial Will Be Here But Time is Not Known.

Louis Day, who left here several weeks ago with Morgan county limited service men, died at Camp Grant, Ill., Monday afternoon at 5:05. Mr. Day was attacked with influenza and was sick only a few days. His father received a telegram Monday evening saying that his son was seriously ill. A message from Camp Grant early this (Tuesday) morning brought the news of his death.

Mr. Day left Jacksonville with ten other limited service men on September third. For several years Mr. Day has been employed as telegraph operator by the Western Union Telegraph company. He entered the service of the local company as messenger and after becoming an operator went to Peoria, where he worked for several years. About three years ago he returned to Jacksonville and has since been employed as operator and bookkeeper.

Mr. Day was about 27 years of age and was born in Jacksonville, the son of John F. and Belle Day. He attended the public schools and has always made Jacksonville his home with the exception of the time he was in Peoria. He was a member of Northminster church, and was a young man held in high esteem by all who knew him.

He is survived by his father, John F. Day of North Diamond street and two brothers, Elmer of this city and Clarence of Beardstown.

The remains will be brought to this city and funeral arrangements will be announced later.

FUNERALS

DeFrates. Funeral services for Mrs. Calvin DeFrates who died in Bloomington were held at the grave in Jacksonville cemetery Sunday morning in charge of Elder George H. Harney. Music was furnished by Miss Cora Graham, Rev. W. W. Wharton and W. W. Gilliam. The flowers were cared for by Mrs. Annie DeFrates of this city, Mrs. Joseph Ayers of Monticello and Mrs. Sammies of Bloomington. The bearers were: W. J. Brooks, Emerson, George and Horace DeFrates, James Gaddis and Frank DeFrates.

STUDENTS WILL ENTER
ARMY SERVICE TODAY.

The ceremonies whereby students in the army training corps unit at Illinois college are to be inducted into the service will occur this morning at 11 o'clock. Lieut. Hardwick, resident officer, will preside and addresses will be made by Dr. C. H. Rammelkamp, president of the college, Miller Weir, chairman of the local exemption board, Mayor H. J. Rodgers, M. F. Dunlap, Capt. E. C. Vickery, representative of Matt Starr post G. A. R., will also have place upon the program. The Merritt band is to furnish music.

School will be dismissed at the State School for the Deaf in order to permit the pupils there to attend the services. It is still impossible to tell just the number who will be admitted. Physical examinations have been taking place during recent days and each day has brought new enrollments of students, twelve or fifteen coming in Monday. It is practically certain, however, that at least 130 to 140 men will enter the army service and begin their training.

As previously stated, exercises will begin at 11 o'clock and no doubt the public will manifest the interest in the occasion which it merits.

Social Events

Mrs. Angelo Entertained. Mrs. Walter Angelo of Lynneville entertained Saturday at dinner, Mrs. Mary Potter and Miss Margaret Rankin, and Mr. and Mrs. Harry Tucker of Jacksonville.

LIBERTY BOND QUOTA
OVER HALF OF QUOTA

Incomplete Returns Are Received—But Show Interest of the People—Franklin Had Enthusiastic Meeting Monday Night—Bank Totals For One Day.

Reports of Morgan county subscriptions to the Fourth Liberty Loan are not complete, according to a statement made last night by Chairman H. M. Capps. However, the total of \$618,950 subscribed Saturday was augmented by about \$200,000 Monday. The returns are not complete but of a very satisfactory kind. At the meeting held in Franklin Monday night subscriptions to a total of \$70,200 were reported against the precinct allotment of \$121,500. It is known that Franklin school district and Clayton Point school district are both over the top and the other school districts in the precinct are expected to have like reports within a day or two. Some parts of the county did not receive their allotments until Friday and the organized effort to secure subscriptions did not get well under way until Monday.

Avoid Duplication.

Another reason the committee is taking special care about announcements is the fact that some duplication is certain. This means that a part of the money reported to the banks will eventually have to be credited to various school districts, and it will be possible by adding reports from the school districts and those from the banks to arrive at erroneous totals. Liberty loan addresses were made at many of the churches of the county Sunday and the Church of Our Savior set a splendid example by the liberal subscription list set. Members of this church signed cards to the amount of \$50,350. Sunday morning Rev. Father Formaz made a very strong Liberty Loan appeal and it was at this service that the greater part of the large sum mentioned was subscribed. The Church of Our Savior, the Knights of Columbus and Routt college have subscribed largely for previous loan and have been active in the various war enterprises.

Detailed Subscription List.

The list of subscriptions thru the banks to Saturday night is given herewith, this being the latest available report, although, as indicated, it is known that large subscriptions were made Monday. Elliott State Bank \$180,000, Ayers National 123,000, F. G. Farrell & Co. 103,500, Farmers' State Bank 35,300, Trust Co. & Co. 13,150, Dunlap-Russell & Co. 5,100, Alexander State Bank 5,100, Franklin State Bank 40,000, First National, Waverly 15,600, Waverly State Bank 6,400, Woodson State Bank 29,500, Murrayville State Bank 30,000, Chapin State Bank 24,900, Farmers' & Merchants' bank, Concord 6,500, Farmers' and Traders' bank, Mercedosa. No Report

Total \$618,950. At the Franklin meeting Monday night Rev. Father Smith presided and addresses were made by Rev. S. W. Miller, new Methodist minister, and Rev. W. E. Keenan, who is soon to leave for his new charge at Bismark. The fine co-operative spirit which the people of Franklin have was well demonstrated when Father Smith, speaking on behalf of the people of Franklin, presented Rev. Mr. Keenan with a purse of \$150. The recipient was greatly surprised and duly appreciative.

MORGAN

Charles H. Taylor was a business visitor in Winchester last Thursday.

Harold Nergenah entertained friends at his home last Monday evening.

Miss Eva Gray spent last Sunday with the Misses Florence and Barbara Smith. Mr. and Mrs. Robert Dixon spent last Sunday with Mr. Joe DeCroft and family. Mrs. Clyde Williams and Walter Williams were Jacksonville visitors last Saturday. They went to Chapin in Walter's Ford and changed cars and went from there with Frank Brockhouse and wife and Mrs. Maggie Moody and son, Austin, and daughter, Ruth in Mrs. Moody's seven passenger Velle car.

Last Saturday was James Anderson's birthday and a few of his friends helped him to celebrate the day by going to his home and having a marshmallow and Weiner roast. All report a good time and will try and remember, Sept. 28, 1919.

Miss Ruth Hutchins spent Saturday in Chapin giving music lessons.

The Misses Berta Baker, Aline Omer and Ione Coultas of Chapin and Walter Williams took an auto trip to Merritt last Wednesday.

Mr. Cox spent Sunday with relatives near Concord. Lieut. Harold McGinnis, formerly of Jacksonville, was seen performing some wonderful "stunts" at Chapin last Sunday.

HAVE ARRIVED SAFELY
OVERSEAS

Mrs. Kate Konrad has received word of the safe arrival overseas of her son, David, of Co. K. 26th Engineers.

Mr. and Mrs. A. D. Fernandes of north of the city have received word that their son, Elmer Fernandes, has arrived safely overseas. Fernandes is with the 343rd Butcher Company.

W. W. Barr of South Jacksonville has the announcement that his nephew, Harris I. Simonds, has arrived safely overseas.

SIX BILLION DOLLARS MORE.

(Written for the Journal.) We've heard the call from sunny France;

Down goes the cruel Hun; Our noble boys are fighting well, They'll stay till all is done; Brave Pershing calls for men, more men And echoed from our shore "We're coming General Pershing with Two million soldiers more."

We'll drive the Hun from Italy, From France and Belgium too; He'll wish he'd never thought of war With us before he's thru. Cheer up, brave boys, and hold the line As you have edone before; Hold on till spring, we're coming with Two million soldiers more.

Our men need clothes and provisions, Great stores that cost us gold; To all their needs we'll minister; Our hearts will ne'er grow cold; And to the president's request We'll answer as before; We're coming, Woodrow Wilson, with Six billion dollars more.

The Liberty Bonds all look good, To patriots firm and true; We have no use for slackers now; The call is up and do, From the Pacific's rugged slopes To the Atlantic shore, Resounds the cry, "We're coming with Six billion dollars more."

Not one of all the states excels Our grand old Illinois; With all her might and main she'll stand Beside her soldier boy; She'll let the haughty Kaiser know She's loyal to the core; Two million soldiers on the way, Six billion dollars more.

And Morgan county is on hand Our Crabtree's full of gold; We draft our Capps to Liberty Since our big wheat crop's sold. No matter what our Collins are We'll only give the more, To swell the U. S. coffers with Six billion dollars more.

We'll listen to the canteen girls With their endearing wiles; And shout Filmore the treasury, Put on our Ayers and smiles. From Murrayville comes quick response, From Franklin as before, And Waverly will help to raise Six billion dollars more.

And Alexander we call great, Arcadia's not behind; While Centerville is on the job, Sinclair's the loyal kind. The French have taken Chapin too; We're all in sweet Concord, And Woodson truly is on hand, To battle for the Lord.

From Pisgah's height we see the fray; Good news from Nortonville, And Litterberry's not behind In fighting Kaiser Bill; Her Crums are better than a feast, She'll help to win the score, Two million soldiers more to send Six billion dollars more.

In Markham we most truly have A Boddy of brave men, And Woodson is in Lynnville too, And Mercedosa, then With Lake and James and Brockhouse too, Is Looman with a peer, To get two million soldiers and, Six billion dollars more.

The Farmers' bank will till the soil, To raise the crop of Gold; The Elliotts are not behind They raise the sum two fold; And Dunlap is a Russelling round With Ayers they always bore To aid the drive for L. L. Bonds, Six billion dollars more.

And don't forget another thing, That Charles DeSilva's band, With drums and fife most vigorous, Are sure to be on hand. While Chuck will bear the flag aloft, And boy scouts full two score, With Fred and Findley help to raise, Six billion dollars more.

Remember too the G. A. R.'s, Their loyalty avails. To help the courage of the young, When led by Captain Swales; They march with weaker step Than they cried in days of yore, "We're coming Father Abraham, Six hundred thousand more."

Their suits are all well Taylor

made. They're sure to fit all Wright; Their coin is by a Minter made, Goheen's a pleasant sight; Then Schaumb and Kirby, Scott and Brown.

McDougall, scribe and all; Frank Wigginst, Maury are fine In summer or in Fall. Weir proud of our exemption board, With Doying all can learn, To quell autocracy outright And Baker to a turn. We've Pontius, not the Pilate kind And orators galore, All help the government to raise Six billion dollars more.

Our Spoonits has gone across the sea, We pray he may come back, Along with all the soldier boys, And worthy Dr. Black; The Y. R. C. K. C. and all Have glory great in store. And for their sakes we'll scale the top; Six billion dollars more.

Here's to the mothers, sweet hearts true, Wives, sisters, fathers old; They're brave and loyal, in the war; We need them much as gold; Stand by the boys across the seas; Contribute o'er and o'er; Two million men to Pershing send Six billion dollars more.

WANTED IMMEDIATELY: STOCK GIRL. APPLY AT HERMAN'S.

WHAT THE GOVERNMENT SAYS ABOUT HOG CHOLERA

The following extract from Farmers' Bulletin 831, issued by the U. S. Department of Agriculture and written by M. Dorset and C. B. Hess, should be given careful consideration by all thoughtful swine raisers.

"Hog cholera destroys about 90 per cent of all hogs that die from disease in the United States. The losses have amounted to between 6,000,000 and 7,000,000 hogs in one year, and the money loss probably has averaged more than \$30,000,000 a year for the last forty years."

The Federal Government and the State Authorities aim at the ultimate eradication of the disease. At present the object is to bring it under strict control so as to reduce losses to the minimum.

Co-operation by farmers with each other and with the Federal Government and State authorities is essential to success. The infection is carried easily from one place to another in a great variety of ways. Hence the need of care and co-operation by all concerned.

Prevention is better than cure, in fact, there is no specific cure. So-called hog cholera medicines are a snare and delusion. The Bureau of Animal Industry for many years has made a study of the disease and finally evolved the "anti-hog-cholera serum," which can be regarded as the only known reliable preventative agent. It is the only agent which has been proved to have curative properties. This serum is now manufactured by several State institutions and by private firms licensed by the Secretary of Agriculture for the purpose. Confine sick hogs. Use serum. Employ sanitary measures. Disinfect. Co-operate. When you use serum, use only the best.

Khaki Sweaters, Sweater Coats and Slip-on Vests \$3.50 up are shown by FRANK BYRNS' Hat Store.

W. T. Dodswoth of Franklin was a traveler to the city yesterday.

ANNOUNCEMENTS

For County Clerk I hereby announce myself as the duly nominated candidate on the Republican ticket for the office of county clerk, subject to election Tuesday, Nov. 5, 1918. George L. Riggs.

At the recent Republican primary I was nominated for the office of assessor and treasurer and will seek that office at the election in November. Your support will be appreciated. Grant Graft.

I hereby announce myself as a candidate for sheriff of Morgan county on the Republican ticket. I stand for a clean, efficient administration. Vincent R. Riley.

Mrs. Isaac Cutter and Mrs. Mary Wall of Camp Point are guests at the home of Mr. and Mrs. C. E. Allen on East College avenue.

Mr. and Mrs. Robert McFarland and children of Jacksonville are guests at the home of Mr. McFarland's mother in Litchberry.

C. F. Angelo of the vicinity of Lynnville was a caller in the city yesterday. He said he wished the owner of the twelve shoats that got into be corn would come and get the critters and pay the damage.

William D. Kennedy of 817 Routt street left this morning for St. Louis University. Mr. Kennedy is a graduate of Routt College, and also of the Ashland high school.

Charles Corey of Colorado Springs, Colo., is in the city for a visit with relatives. Mr. Corey has not been in Jacksonville for 22 years and finds many changes in that time.

William McCurley has been called from Marion, Indiana, to take charge of the Jacksonville branch of the C. L. Hatfield Commission house. Mr. McCurley is a brother of Mrs. L. B. Haynes on South Mainville street.

George Parks, well known theatrical manager of Hannibal, Mo., was calling on G. M. Luttrell yesterday. Mr. Parks is owner of the Star Theater in Hannibal and has been very successful in the show business, having also owned two other theaters in Hannibal at one time in addition to the Star.

Corporal Leo Clancy is home from a training camp on a ten day furlough. Military life seems to agree with him immensely. He looks fine and appears very much a soldier of Uncle Sam. He has gained ten pounds since he enlisted and expects to put on a few more before he reaches Berlin.

Mrs. Russell Garner and daughter of Fairmont, West Virginia, and Mrs. Charles Kins and two daughters of Chicago have returned to their respective homes after a visit with Mrs. Fred DeFrate, sister of the ladies mentioned.

"Gets-It," a Liberty Bottle for Corns!

There's Only One Genuine "Corn-Peeler"—That's "Gets-It!"

Never peel a banana! That's the way "Gets-It" peels off corns. It's the only corn treatment that will "Gets-It" is a guarantee that you won't finally have to gouge, pick, jerk or cut out your corns. If you want the pleasure of getting rid of a corn, be sure to get "Gets-It." It is its wonderful formula that has made "Gets-It" the corn marvel that it is, used by more millions than any other corn treatment on earth. A few drops on any corn or callus, that's all. It can't stick. It is painless, causes no pain. You can kick your "corny" feet around, even in tight shoes, and your corns won't crucify you. You can go ahead and work, dance, live, love and laugh as though without corns. "Gets-It" is the guaranteed, money-back, corn-remover, the only true way, costs but a trifle at any drug store, sold by E. Lawrence & Co., Chicago, Ill. Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's Drug Stores and Luly-Davis Drug Co.

THE BURLINGTON WAY.

The following statement gives some interesting facts about the Burlington Way. The "Burlington Way" Automobile Trail, known by the name of "The Orange and White Trail" is, without exception, "The Best Marked Automobile Trail in the World," as it is the only trail which has every pole on one side of the road painted with two coats of the best quality of paint, using the official marking as follows: 6 inches of Orange flanked on top and bottom with 6 inches of White (the top of the blazing to be 6 feet from the ground.) Another feature that is important, in connection with the "Burlington Way" blazing is the fact that the Association insists on one of their official signs being erected on a pole, by itself, one mile from the city limits, on both sides of every town or city. The wording on these signs calls attention to the particular division of the "Burlington Way" System, also the distance to the towns on both sides of sign.

The Burlington Way Good Roads Association, which is the organization that has made possible the blazing and sign marking of over three thousand miles of Northern and Southern roads in the Mississippi Valley, during the past seven years, is considered by those qualified to know, as being the most intensified road organization in existence. The Executive Committee of the Association is composed of a President, one Vice President, Secretary, Treasurer, Chairman, Publicity Committee and Chief Engineer.

Many Different Divisions. The present Secretary of the Association is H. C. Wilhite of Greenfield, Illinois. Mr. Wilhite is the "Daddy" of the "Burlington Way," having been personally responsible for the organization of the original division from Greenfield, Illinois, to St. Louis, over eight years ago, and having been its original secretary. Mr. Wilhite has been continuously on the job ever since, and has spent hundreds of dollars in cash, besides months of time toward perfecting the wonderful organization that it is today. After one division was completely organized and blazed, another division was added to it, until at the present writing the "Burlington Way" is organized in twenty-one different divisions and connecting the following cities: Parent Trail, St. Paul, Rochester, Cedar Rapids, (Ia.), Iowa City, Burlington, Macon (Ill.), Beardstown, Jacksonville, Greenfield (the home of Mr. Wilhite), Alton, St. Louis (Mo.), Cairo (Ill.), and New Orleans.

Another division connects the parent trail at Cresco (Ia.) and goes thru McGregor, Dubuque, Maquoketa, Davenport, Rock Island, Monmouth and connects with the parent trail at Beardstown. Another important division is the "Main Street" from St. Louis to Springfield, Bloomington, Joliet and Chicago. Another important division connects Springfield with Peoria and Ottawa. At the annual convention to be held in Rock Island September 27th, it is planned to connect the main trail at Monmouth with the "Burlington Way" at Peoria. This will give Saint Paul a continuous marked trail, with every pole marked to St. Louis in three rows.

The Parent Trail, the route thru Rock Island and Jacksonville, and the route thru Rock Island, Monmouth, Peoria, Springfield and St. Louis.

At the annual convention it is also planned to extend the Parent Trail from Saint Paul to Duluth and Port Arthur.

Markings are Registered. The Burlington Way Good Roads Association is an affiliated division of the National Highways Association, and their routes are recognized on the millions of maps and other literature published by them. They also have their markings and signs registered in every state thru which the route runs. This prevents the use of this marking on any other route. It is the rule of this Association to only promote trails in a Northern and Southern direction, and to confine their energies exclusively to the Mississippi Valley.

One of the main objects of concentrating their efforts on a North and South system of trunk line highways in the Mississippi Valley is the fact that they are anticipating that the Government will establish a Military Road from the iron mines of Minnesota up near Duluth and Port Arthur, to Saint Paul, St. Louis and New Orleans. One of the main objects which will be taken up at the 1918 convention will be the adoption of resolutions and the appointing of a committee urging the Government to select the "Burlington

"A SHINE IN EVERY DEEP"

Black Silk Stove Polish
Is not only most economical, but it gives a brilliant shine that cannot be obtained with any other polish. Black Silk Stove Polish does not only shine but it also cleans and makes the stove look like new. It is a real money saver.

Get a Can TODAY

Way" System as a military road thru the Mississippi Valley.

One of the most practical features of the organization plan of the Burlington Way Good Roads Association is the fact that each division is managed by a supervisor, but there is also a local director in each town and city, whose duty it is to see that the road receives as much improvement and maintenance as possible in his territory, (which is one-half way to the next town on both sides). Hundreds of "Road Planners," made after the specifications of the "Minnesota Road Planner" (which was invented by ex-commissioner of Highways, Mr. Cooley of Minnesota), have been made under the supervision of the local directors and are in use along the "Burlington Way," and serve the very desirable purpose of keeping the chuck holes filled up.

Name Was Never Changed. The "Burlington Way" was originally named after the Burlington Railroad, as it followed their route from Greenfield to St. Louis and the name has never been changed.

Many hotels and restaurants, also garages, along this route, have adopted the name "Burlington Way" as their firm name. For instance: "Burlington Way Garage," or "Burlington Way Hotel."

At the annual conventions there are delegates present from the majority of the towns along the route, and if the present plans of the Burlington Way Good Roads Association materialize by the time of the annual convention in 1919, there will be over 500 towns and cities connected by "The Orange and White Trail," and it is hoped that every town will be represented at the eighth annual convention to be held in Saint Paul, August 15th and 16th, 1919.

General Secretary McMahan of the Saint Paul Association of Public and Business Affairs, and Ivan A. Coppe, Manager of Publicity for the Ten Thousand Lakes Association, are enthusiastic about securing the convention for Saint Paul for 1919 and will see that a large delegation is present at the Rock Island convention.

"The Burlington Way" is the Best Way."

AVIATORS RETURN TO SCOTT FIELD
Lieutenants McGinnis and Francement made their air journeys thruout the county Sunday as planned. They flew over Alexander, Concord, Chapin, Murrayville and some other Morgan county towns. Their journeys took them over to Jacksonville cemetery where roses were scattered upon the grave of Harry Frye. At noon they were guests at the home of Hebert Challiner in the Joy Prairie neighborhood and their return trip to Scott Field was begun about 3 o'clock in the afternoon.

The aeroplane that Lieut. McGinnis drove was parked over Saturday night in the care of Charles Jackson, deputy sheriff named by Sheriff Graft for this work. Mr. Jackson said yesterday there were a great many visitors to inspect the airship clear up until 11:30 p. m. Saturday. There were many who walked into the field and came as close to the airship as the ropes would permit and others in automobiles turned on their searchlights and viewed the machine from the roadway.

Our Government First Our One-Cent Sale Second

Owing to transportation conditions we were disappointed in receiving a big shipment of new one-cent sale merchandise, which we had hoped to offer our customers Saturday.

We will continue our one-cent sale over Wednesday of this week, positively your last opportunity to secure this wonderful merchandise at pre-war prices.

This is Your War

THREE MILLION MEN—half of them in France many more in training.

BUT IS ALL THIS THEIR FIGHT?

It takes ten men at work to keep one fighting man at the front.

It takes millions of dollars just to keep this army fed. It costs thousands of dollars every time one battery of big guns lays down a barrage.

Is it any wonder then, that the United States is spending at the rate of FIFTY MILLIONS OF DOLLARS A DAY in war and war plans? And with that grand total as the interest on a far vaster principal, which must support this colossal cost or all this task will have been in vain, whose fight do you think this is?

The man's in the trench? The fellow's on the supply train? The Chap's on the gunner's deck?

NO, IT IS YOURS!

PLAN SURPRISE FOR WINCHESTER WOMAN

Members of Musical Club Gave Farewell Party for Mrs. Harry Martin, Soon to Remove to Lincoln, Neb. Funeral of Late Jesse Estes—Other Scott County Items.

Winchester, Sept. 30.—Members of the Musical club planned and successfully carried out a surprise Monday evening in honor of Mrs. Harry Martin. All arrived at her home laden with well filled baskets. It was planned to have a picnic supper on the lawn but rain changed the plan to indoors, and a very merry time the company had. Mrs. Martin and sons will soon join Mr. Martin at their new home in Lincoln, Neb. They have many friends here who regret to see them leave but who wish them success in their new home.

Mrs. A. P. Grout, Mrs. George Brangle and Miss Mary Woodard left Monday for a short visit in Chicago.

Mr. and Mrs. Lee Knapp returned Monday afternoon to their home in New Mexico, after a visit with relatives here.

The funeral of the late Jesse Estes occurred Monday afternoon at 2:30 o'clock at the home of his sisters in Winchester. Rev. W. R. Johnson, officiating. Music for the occasion was furnished by Mrs. W. H. Knison and Miss Martha Higgins. The pall bearers were Fred Neat, P. D. Smith, Warren Kelly, Gus Peterson, Claude Burroughs, Thomas Kirkman. Interment was in Winchester cemetery.

R. A. Gattis of Jacksonville is here for a few days on some accounting work.

Mrs. Fannie Markille arrived Saturday night from Kansas City called here by the death of her brother, Jesse Estes.

Sunday evening an appreciative audience greeted Mr. H. H. Bancroft at the Baptist church. Mr. Bancroft made a most excellent address in support of the fourth Liberty Loan. Patriotic music was furnished by the congregation and a quartet.

Mr. and Mrs. P. D. Smith and children spent Sunday, guests of Dr. and Mrs. Edwards at White Hall.

Edward Rohrig will leave Tuesday for Beardsden where he will attend the Knights of Pythias convention.

Miss Lucille Bishop, French teacher in the Winchester high school, has volunteered to take a class of citizens in French. The class will begin early in November. Those desiring the work will register with the class secretary, Miss Nellie Lashmet. The fund realized will go to the Red Cross organization.

Miss Hazel Breeding arrived Monday from Jacksonville to take a position in the Neat, Condit & Grout bank.

JUSTICE DUNNE'S SON DIES IN FRANCE

Among patriotic Illinoisans who today mourn the loss of sons who have fallen at the war front is Justice Dunne, who has been at the war front for a number of weeks past. Only recently Justice Dunne received a letter from his son in which the writer joyously stated that the order had just been given that would make it possible for him to get into trench warfare.

Story's Exchange,

FARM PROPERTY

Although labor is scarce many men already gone to war and many others recently registered, we have more arm buyers than at any previous time. Just closed a deal for one of the best farms in the county. Besides these listed below we have many other farms to offer that still look like good investments. It is not so good a time to buy as it was five, ten, twenty, or fifty years ago but it is a better time to buy than it will be five, ten, twenty or fifty years later. Do it now.

No. 50. Four and one-half miles south of Woodson. 150 acres timber soil, mostly level farming land, well fenced and well watered. There is a good six room house, barn for eight horses, large corn crib, silo and feeder shed and other buildings. Will take a residence property in exchange. Price \$150.00 per acre.

No. 51. 80 acres four miles from Lena, Wisconsin, near church and school, eight acres in timber, balance in pasture and cultivation. This is highly productive land and is only for sale because the owner is called to the colors. There is a good eight room house, basement under all. There is a good horse and dairy barn with concrete basement. Implement shed, hog houses and other buildings. Price \$35.000; will consider city property as part pay.

(C). Near the city we have just listed a fine farm of 140 acres, thoroughly well improved for a short time only at \$225.

CITY PROPERTY

Three Latest Bargains: (A) A nice little three room cottage for \$1,000.
(B) A seven room modern house in the third ward, all in good shape, for \$2500.
(C) A new house of eight rooms, modern throughout, with garage, for \$3500.

CENTRAL DIVISION A. P. MEN BUY BONDS

Pledge Themselves to Buy \$15,000 Worth—Annual Meeting Held in Chicago—J. L. Pine Re-elected to Board of Directors.

The Associated Press Goodfellowship Club, Illinois-Iowa Branch held their annual convention in Chicago Sunday. Various matters pertaining to the handling of war news were discussed.

Joseph Youatt, treasurer of the Associated Press, New York, was the principal speaker.

The operators of the Central Division pledged \$15,000 to the Fourth Liberty Loan, the Associated Press giving the men the privilege to make weekly payments on their pledges.

The following officers were elected:
President—T. C. Bucher, of Springfield.
Vice President—Fred Frances, Quincy, Ill.
Secretary—Leon Dille, Peoria.
Treasurer—James W. Barbee, Joliet.

The board of directors which included Joseph L. Pine of Jacksonville was re-elected.
Walter H. DeShara attended the convention.

A TOUCHING TRIBUTE FROM A FRENCH SOLDIER

Last winter, in preparing comfort kits for soldiers across the seas, in addition to the usual articles for use, a lady enclosed a mounted photograph of a beautiful boy two years old, saluting the flag, stating that "the parents of the child were loyal citizens, grateful to the soldiers defending our flag."

No response came to the address given, until recently a letter from a young French soldier dated August 16th, 1918, was received. Apologizing for his incorrect use of English, as having only been learned at school years ago, he expressed his thanks for the package just received, and said:

"The photograph of your dear little child is in hands of a good comrade. He was saluting the glorious flag, but now he is standing before Germans and he looks their terrible bombardments and gas. Terrible war! But I am sure if he was old enough, you would send him also with pleasure to protect right and liberty of civilized countries."

"I was born at Nantes in 1897, and have been at college until 18 years old, when I engaged myself in artillery. I began at the front, at the beginning of 1916. Verdun. It was very hard, and plenty of soldiers remain there."

"Now we are in a large offensive, and Boches (Germans) go back. Our cannons are also terrible, and they are obliged to retreat under the shot."

"I am non-commissioned officer, in French—'Marchal de Logis.' I obtain War Cross last month. I shall be very glad to receive of your news, but during this time,

"I remain yours very respectfully,
"Signed"—(name illegible).

The soldier enclosed a fine picture of himself, an earnest, fine looking young man, a photograph of devastated Aigue, and a tissue paper model of a parachute, with the following literary copy of a letter to the little boy whose picture he had received.

"Dear Little Friend:
"In answer of your nice photograph, I send mine. You are so young to be soldier; but now I

think only in your studies.

"We are here to protect our interests, and when you will be tallest, you will be free and not under German domination. Hip! Hip! Hurrah for glorious Allies' Armies!
"I am your sincerely friend,
"Signed —"

WAVERLY PEOPLE BUYING BONDS

Liberal Subscriptions Made at Monday Night Meeting—Addressed By H. H. Bancroft.

Bad weather and delay did not interfere with the enthusiasm of the Liberty Loan meeting held at Waverly Monday night. There were less than 100 persons present at the opera house but \$11,200 was raised in twenty minutes' time, the first subscription of \$5,000 being made by George W. Dunsteth, Horace H. Bancroft was the speaker and because of a late train did not arrive until 9:15. However, the band gave a program and the audience waited for the speaker. Mayor Fred Deatherage was the chairman and introduced the speaker.

Mr. Bancroft made a forceful and eloquent plea for support of the government at this time. When the opportunity was given for making subscriptions some quick work was done and \$11,200 added to previous subscriptions of \$23,500 for school district No. 1. The allotment for the district is \$47,500, so that residents there have less than \$12,000 to raise in order to complete their quota. Mr. Bancroft went from Springfield to Yonkers, N. Y., on June 14 this year, and was then taken by automobile to Waverly. He returned to Jacksonville at midnight, finding the roads muddy only part of the way between this city and Waverly.

NORWAY CELEBRATES FIRST MEMORIAL DAY. Christiania, July.—Norway celebrated its first Memorial Day in June 14 this year. The holiday, adopted in avowed imitation of the American observance, will hereafter be an annual institution.

The day was generally observed in all the Norwegian seaports in commemoration of the Norwegian seamen, killed in Germany's ruthless submarine campaign. All flags were flown at half-mast, and only on merchant ships and private buildings, but also on naval and coast guard ships and public buildings of all kinds. All over the world, wherever there were Norwegian ships, the captains were instructed to observe the same ceremony.

At Christiania the Norwegian Mate association arranged an impressive ceremony in the Seamen's Church, which was appropriately decorated and was filled with a large congregation of relatives and friends of the lost sailors.

MEXICAN BORDER TOWN IS PATRIOTIC. El Paso, Texas, July.—San Jose, a little valley settlement on the Mexican border is as patriotic as is Dupont Circle, Washington, D. C. This was demonstrated during the war savings stamp drive. It was saying and peach picking time but on the last day of the drive field hands and their overseers laid down their scythes and tramped a mile to the school house to listen an hour to speeches in Spanish and English explaining the war savings stamp system. Only five native Americans attended this meeting. Of the 109 others, all spoke Spanish. Many had been with Villa or Hoerla in Mexico.

When pledges were called for such of the 114 present signed cards, many Mexicans making their marks. San Jose quota was \$2,500. The pledges totaled \$3,500. Many native farmers paid cash or pledged their hay or fruit crops in payment for stamps. San Jose went over the top and over-subscribed her quota by \$1,000.

COTTON INDUSTRY PROFITS LARGE.

Manchester, England, Sept.—Remarkable profits have been made in the Lancashire cotton industry since the beginning of the year, despite the shortage of raw material from the United States, and the compulsory stoppage of machinery.

Fifteen spinning concerns publish accounts whose total profits for the half year ended June last, amount to \$695,125 against \$209,790 in the six months ending December, 1917. As a result of the good trade reports, share prices have steadily advanced and the capital appreciation since the beginning of the year for the fifteen companies is over twenty per cent.

Dublin, Sept.—The number of unemployed in this city during the winter months has increased during the period of the war, according to a report of the National Relief Fund. Instead of ameliorating seasonal labor conditions in urban districts the war has accentuated them, the report says. In rural districts there is virtually no unemployment.

PATRIOTIC SERVICES AT GRACE CHURCH

Dr. F. B. Madden and Paul Samuel Talked About Liberty Loan—Special Musical Program—Church Paid Honors to Judge Layman and Family.

Sunday was observed in a very patriotic way at Grace church. In the morning Dr. F. B. Madden referred in an appropriate way to Liberty Loan campaign and at the evening service Paul Samuel made a patriotic address. The music was of an especially appropriate kind. At the morning service Dr. Joseph R. Harker read a resolution referring in an appreciative way to Judge M. T. Layman and family, who are soon to leave for Chicago to spend the winter. The resolution, which was read by the choir and faithful service of Judge and Mrs. Layman in their friendship with Grace church, was adopted by a unanimous vote.

Rev. Mr. Madden in his morning address referred in a very touching way to the sacrifices that are daily made by soldiers at the front and by their relatives who give them to this great cause. He pointed out to his auditors that in supporting the Fourth Liberty Loan they were answering the call of patriotism and were doing their part in making the world a fit place to live, giving assurance that these men who have sacrificed their lives have not done so in vain.

Paid Tribute to Men at Front. At the evening service Mr. Samuel, who is one of Morgan County's Four-Minute Men, gave some comparative facts to impress the importance of the Fourth Liberty Loan, telling the audience that the money must come; an effective war is to be waged. He told how the people of other countries have responded generously to the call of patriotism. He had been asked by the people of the United States and have furnished their government with money after making acute personal sacrifice to accomplish the desired end. The speaker paid eloquent tribute to those who have gone to the front to bear the brunt of the conflict and urged that patriotism demand the unswerving and generous support of the people at home.

Special music for the service was provided by Miss Margaret Scrimger, Mrs. Florence P. Hartmann, Mr. Asa Robinson and Mr. H. C. Hopkins. Miss Scrimger was soprano soloist last year and Mr. Hopkins, who is the new principal of the high school, sang Sunday for the first time here with great acceptance. Prof. Starns was at the organ and Miss Robinson at the piano.

An Appreciation. Judge Layman, to whom the resolution adopted made reference in such a complimentary way, came to Jacksonville forty three years ago. He and Mrs. Layman first came from Benton, Ill. to Waverly and after staying there a few years moved to this city, which has since been their home. Reference is made to their going also in another column of this issue. The resolution adopted by Grace church people is as follows:

An appreciation of Judge M. T. Layman and family adopted by Grace church Sunday Sept. 2, 1918, on the occasion of their leaving Jacksonville.

The official board and members of Grace church learn with a feeling of deep regret that Judge M. T. Layman and family are arranging to remove from Jacksonville and to make their home in Chicago, and that we must lose their fellowship in Grace church. This comes to us as a great loss and we wish to express our deep appreciation of their helpful and devoted membership, and our regret in their leaving. For nearly forty years we have had the joy of their fellowship in their ready help in all form of church activity, and the constant influence of their consistent Christian life and character. They will be greatly missed here in every circle of the church life. We shall follow them with love and prayers for the Father's continued care and blessing wherever they may be, and we shall be happy if after a season they may again come back to fellowship with us.

For the Church and Official Board, F. B. Madden, Pastor, Joseph R. Harker.

JUDGE LAYMAN TO LEAVE FOR CHICAGO

As recounted in reference to Grace church Sunday morning service elsewhere in this paper, Judge and Mrs. M. T. Layman are soon to leave Jacksonville for Chicago to spend at least the winter months. Judge Layman has leased his residence on West College avenue to Dr. F. B. Madden for a year. In Chicago Judge and Mrs. Layman will live on Rosemont avenue at North Edgewater and will be near their daughter, Mrs. Clyde L. Hay. Another daughter, Miss Elizabeth Layman, is teaching this year in the Chicago kindergarten school. Mrs. Lay is here now to assist her parents in preparing to leave for Chicago.

Judge Layman is one of the oldest members of the Morgan county bar and has been successful in his practice thru a long period of years. He served one term as county judge and has held various positions of honor, ranking as one of the foremost citizens of this county. He will return from Chicago for the November election and for the November term of court. During his absence his office affairs will be in charge of W. W. Wright.

REICHSTAG MEMBERS VOTE SALARY INCREASE. Amsterdam, July.—Members of the German Reichstag have voted themselves a salary increase from \$750 to \$1,250 a year, but have also raised the fine for absence from a sitting from \$5 to \$7.50.

DEATHS

Mrs. John E. DeFrates, 665 North Diamond street, received word Sunday of the death of her niece, Rue I. DeFrates at her home in Chicago.

Miss DeFrates was stricken with influenza on Thursday of last week and died Saturday night. She was born in Jacksonville, Alta. was about 20 years old. The funeral will be held in Chicago this afternoon at 2 o'clock and burial will be made in Mt. Hope Cemetery.

Mrs. John DeFrates left for Chicago Monday morning to attend the funeral.

Little. Mr. and Mrs. Fred Miley and Willard Miley have returned from Quincy where they went to attend the funeral of Mr. Miley's sister, Mrs. Ira Miley, who died in that city Friday afternoon. The deceased was a former resident of this city, having moved to her present home about two years ago. She is survived by her parents, husband and two children, Alta and Weir, and two brothers, Fred and Willard Miley of this city. Funeral services were held from the M. P. church in Puffs in charge of Rev. Mr. Reese, and burial was made in a cemetery in that city.

McCallister. Mrs. Irene McCallister died at the family home 320 South West street, Sunday morning at 4:30 o'clock. She had been ill only a few days, being stricken Friday morning. Death resulted from intestinal trouble.

Deceased was born in Donaldson, Tenn., where she grew to womanhood. She was united in marriage in that state to Samuel McCallister. They came to Jacksonville many years ago and have long been highly regarded citizens of the community.

She was the mother of two children, one of whom died in infancy. Her husband and one daughter, Mrs. James Young of this city survive. She was the daughter of the late Henry Swar and has a nephew living in Chicago.

Mrs. McCallister was a member of Second Baptist church and of Athens Temple, S. M. T. She was a woman known for her interest in the welfare of others and held many friendships. In her declining years she was given every care and attention by her daughter, Mrs. Young.

Funeral services will be held from Second Baptist church this afternoon at 2:30 o'clock in charge of Rev. H. H. Dewitt.

Rottger. Miss Jessie Carlisle Rottger died at the home of her sister, Mrs. J. K. C. Pierson, 357 East State street Monday morning at 5:50 o'clock.

She had been in failing health for a long period but had made an heroic fight and until recently relatives and friends had hope for her ultimate recovery.

Deceased was the daughter of John and Anna M. Carlisle Rottger and was born in this city November 11, 1888, and her entire life had been spent here. She graduated from the Jacksonville high school in the Class of 1906.

She early gave evidence of unusual musical talent and studied voice at the College of Music graduating in 1908. She supplemented this with a year's work at the Chicago Musical College. She gave freely of her talents and was frequently heard in recital and church work in this and adjacent cities.

Miss Rottger was a member of Centenary church and was devoted in her church work. She was a young woman who won and held many close friendships and her death will be source of regret in a large circle of friends.

She is survived by her mother, now a resident of Modesto, Calif., and the following brothers and sisters, C. H. Rottger, Springfield, Mrs. J. K. C. Pierson, Jacksonville, Mrs. T. W. Sweeney, Rushville, J. Fred Rottger, Modesto, Calif., Mrs. Willa Spelman, Modesto, Calif., Mrs. R. R. Bruening, Havana, Mrs. Henry H. Lewis, Monmouth.

The funeral will be held from the residence of Mrs. Pierson, 357 East State street, Wednesday afternoon at 2:30 o'clock.

Dorwart's Cash Market

Yes; S. S. S. Is Purely Vegetable

Nature's Safe Blood Treatment

Known for 50 Years as the Best Remedy for Rheumatism, Catarrh, Scrofula, Skin Diseases

Scientists have discovered that the forest and the field, are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making a remedy, for practically every ailment of mankind. Medicines made from roots, herbs and barks which Nature has placed at the disposal of man, are better than strong mineral mixtures and concoctions. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the lining membrane, producing chronic dyspepsia and often entirely ruining the health.

S. S. S. is made entirely of gentle-acting, healing, purifying roots, herbs and barks, possessing properties that build up all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. is a safe treatment for rheumatism, catarrh, scrofula, sores and ulcers, skin diseases, blood poison, and all disorders of the blood. It cleanses the entire system and it's permanent. Get S. S. S. at any drug store today. It is a standard remedy recognized everywhere as the greatest blood antidote ever discovered. If you are a peculiar case write to Medical Director, 442 Swift Laboratory, Atlanta, Ga.

CHIEF HUNT REPORTS FIRES FOR 3 MONTHS

Seven Fires Total for the Three Months—Total Loss \$2,045—Cost of Upkeep on Apparatus for Period Small.

Chief Hunt of the fire department has made his report on fires responded to by the fire department for the months of July, August and September. The report shows that the department responded to seven alarms during the three months period.

The total value of property involved was \$42,800. The total amount of insurance \$27,700. Total loss on buildings and contents \$2,045. Total insurance loss \$2,035. Where there was no loss the value of the property does not show in this report.

During the three months period the report shows that 20 gallons of gasoline was used and one quart of oil. This gasoline cost an average of 25 cents per gallon making a total of \$5 for the three months. The quart of oil cost probably about 40 cents, making a total of \$5.40 for the cost of maintenance of apparatus. There were no repairs during the three months period.

The date, location and kind of fires is given hereunder.

July 11—228 East State street, Ideal bakery.

July 21—Illinois Woman's college, Boiler house.

August 2—Mrs. Sarah Mullen dwelling.

August 6—817 East College avenue, A. R. Myrick, shed.

August 7—Jacksonville Railway and Light company, shed.

August 30—613 East College avenue, Dwelling.

September 28—225 South Main street, Mallory Brothers, false alarm.

MRS. COSGRIF IS 82 YEARS OLD

Mrs. Cosgriff, 612 East College street, reached her eighty-second birthday at her comfortable home.

It seems wonderful how her personal faculties remain unchanged, and her health at the present time is almost perfect, and she attends to all her financial affairs without any assistance.

On her return from Sunday services Mrs. Cosgriff went to her room and when time for dinner was to be enjoyed she was sent for. When she entered the dining room with smiles never to be forgotten, she first asked the blessing then said:

"Well, I am 82 today. It is true, I am growing old, yet so thankful not a pain or ache presses upon my frame, that I am 82. Now, before we enjoy this bountiful meal I will read for you, my children, what I have written while you were preparing this lovely dinner for me:

I traveled the journey before you I know all the cost of the way, I paid out the price, to its fullest. That Mother Love only can pay.

I loved when the world seemed against you; I hoped when your hope sunk and died; I clung to your hand when the lightning came; Left scars in my heart deep and wide.

I labored and loved, and was happy For down deep in my heart well I knew Your kindness and love would repay me.

In my declining year for All that I did—Just for you And today most certainly Enjoy and appreciate Your love to me, altho I am eighty two.

Orders for coke should be placed at once to insure prompt delivery.

Jacksonville Ry. & Light Co.

RETURNS FROM VISIT TO GREAT LAKES STATION

Miss Grayce Day has returned to her home in this city after visiting her brother Robert at the Great Lakes Naval Training Station. Mr. Day is very much pleased with life at the naval station, having enlisted over a year ago.

Miss Day also visited Milwaukee and other places of interest before returning to Jacksonville.

EDWARD MCCOLLISTER IS NOT MARRIED.

Edward H. McCollister writes the Journal asking it to deny the report published some days ago that he had been married to Miss Margaret Donahue of this city.

Mr. McCollister said that Miss Donahue was visiting in Austin, where he is stationed.

However, he says he is not married and has no intention of being married at any time in the future. He asks that this statement be given publicity that his friends may know that the former report was absolutely without foundation.

McCollister is taking a special course in electrical engineering and radio operation at the University of Texas and expects to graduate in a few weeks. He is enthusiastic over his work and says he expects to make the most of his opportunities and to receive advancement when he finishes the course.

IS MADE MAJOR

Philip Schaff, son of Dr. David Schaff, formerly pastor of Westminster church, has recently been promoted to the rank of major in the U. S. army. Major Schaff who is now attached to the 330th infantry, was a member of the first officers training camp at Plattsburg. He made an excellent record there and his recent advancement indicates further proficiency.

James Jarrett of Alexander was a caller in the city yesterday.

INTERESTING ITEMS FROM LITERBERRY

Mr. and Mrs. S. H. Crum Entertain at Dinner—Baptist Ladies' Aid Held Meeting—News Notes.

Literberry, Sept. 30.—Mr. and Mrs. S. H. Crum gave another swell dinner on Wednesday. Relatives and friends, about twelve in number, sat down at noon to a tastefully dressed table in snowy linen, cut glass, silverware and fine china; then added to this an excellent menu of fried chicken, light biscuits, potatoes and gravy, all kinds of vegetables and salads, pickles, preserves, jelly, honey and fruit, ice cream and lovely cake; good coffee with sugar and Jersey cream, and you have a fairly good idea of Mrs. Crum's table on Wednesday last. Everything was served in the best of style and there was no lack.

The Ladies Aid of the Baptist church met on Thursday at "The Maples" with Mrs. Earl Rexroat hostess, assisted by Mrs. John Rexroat. After a devotional and business part, arrangements were made to send an "box of good things" to "eat" to Edward Liter who is at Camp Taylor. After this came the program:

Mrs. John Guy recited, "A Tale Without an End."

Mrs. W. W. Young read "Just Yesterday."

Mrs. J. E. Underbrink gave a good reading on "The Boys in Khaki as Missionaries."

Mrs. Jesse Liter read some selected scripture verses from Matthew 2.

Mrs. D. K. McCarty and Mrs. C. A. Beavers gave a dialogue on "The Sugar Question and the evils of Hoarding."

Mrs. Warren Daniels recited "Keep Smiling."

Mrs. Beavers read in a very emphatic way, "The Women who Get Riled."

A contest on war questions came next. These questions were pretty well answered, but Mrs. Rexroat forgot the prize, and left it in Jacksonville, so we will tell you next time who gave the most correct answers.

Mrs. Guy chaperoned her class to the Crum Woodland on Saturday night where about seventeen young people popped corn and roasted weiners in a huge fire of hickory logs. After the roasting was done, the girls spread a big table on the grass and brought forth some buns, pickles and other goodies, to go with the weiners and popcorn. They all drank from the lemonade spring which belongs to this woodland and everybody had a good time.

Miss Clara C. Moore, the fine violinist from Jacksonville, treated the Baptist Sunday school to some fine music on Sunday morning.

The Literberry Mission Circle met on the last Friday in the month at "The Zephyrs" with Mrs. C. A. Beavers. Eight active members were present and transacted the business, then took up the study book and finished "The Moffatts." The Circle began last October with one study book, "An African Trail." This book was finished in April. "Sons of Italy" was taken up next and finished in July; then the book of "The Moffatts" was read and the class decided it the most interesting book of the three. There were nine other books read at the homes of some of the members. These readings have proved educational and profitable. A good offering was taken and the meeting closed.

Dan the traveler got into Literberry Friday on the 3:00 train.

Rev. F. M. Crabtree was in Literberry Monday week but came too late to go with the fishing club to the lake; he was disappointed and left word that "the club are afraid of me, they know I'll catch the biggest fish so they slipped off, got up in the night to get off before I could get to Literberry." The big four got the word.

H. M. ANDRE'S CAR RETURNED.

H. M. Andre found his Haynes automobile early Sunday morning in the alley in the rear of his residence near the garage. The car had been returned some time after 1 o'clock. The only damage was a flat tire and the car was rather dirty from the results of the joy ride that evidently had been taken in it. Mr. Andre, however, was glad to have the car returned with so little damage.

REAL ESTATE TRANSFERS.

Charles Holley, by heirs, to William Holley, quit claim deed to lot 7, block 6, Lorton & Kedzie's addition to Jacksonville, \$1.

Luchinda Kirby to Albert Crum, lot 34 etc., Kirbys addition to Jacksonville, \$1.

Myra Myers to Charles Myers, one-half interest in west half west half northwest quarter 29-16-9, \$1.

ATTENDS NEPHEW'S FUNERAL

Charles H. Story left Saturday for Wichita, Kan., to attend the funeral of his nephew, Harvey Gunn of Waukegan, whose death occurred Friday night at Wichita.

SOCIAL POSTPONED.

The Missionary social which was announced for Thursday, October 3, at Woodson Christian church has been postponed indefinitely.

LIBRARY HOURS.

The First of October the closing hours at the library change from eight to nine. The library will also be open on Sunday afternoons beginning in October.

MISSIONARY MEETING.

The Woman's Missionary Society of First Baptist church will hold its regular monthly meeting at the home of Mrs. Mary Laurie, 253 Finley street, Thursday afternoon at 2 o'clock.

Layman Thurston of Murrayville visited city friends Sunday.

FARMERS' CLUB NOTES

In a recent letter to members of the Morgan County Farmers' Club G. B. Kendall had the following:

Farm Labor and the Draft. Deferment may be granted to three groups of agricultural workers.

1. Necessary skilled farm laborer in necessary agricultural enterprise.

2. Necessary assistant, associate or hired manager of necessary agricultural enterprise.

3. Necessary sole managing, controlling, or directing head of necessary agricultural enterprise.

In order to secure deferment, the registrant himself should indicate the claim on his questionnaire. If the registrant does not care for chivalrous or other reasons to make

The Actual Cost of this War Can Never be Computed

—But we know this much, that it costs one million dollars a meal to feed the American soldiers and sailors now under arms. What will it mean to feed them next year when the new army gets into line?

—America's daily expenditure right now is fifty million dollars a day—over eighteen billion a year—next year it will be more.

—This tremendous expenditure is necessary if we are to win this war and make what we have safe and valuable.

—BUY LIBERTY BONDS—lend your money to the government—HELP WIN THIS WAR!

COUNCIL TALKS ABOUT BAD STREETS

Stricter Rule to be Followed About Pavement Openings—Light Company Gets Criticism for Paving Delays.

The Jacksonville Railway and Light Co. came in for considerable criticism at the meeting of the city council Monday morning. It was charged by the council in the course of the session that the company has been careless in the matter of opening street pavement and failing to properly repair them and furthermore, that the company has delayed unnecessarily in the matter of street paving.

"East State street," said Mayor Rodgers, "particularly between Brown street and the railroad track is in disgraceful shape and it is a crime to have such a thoroughfare. When it was agreed to permit the railway company to increase prices for service without protest it was agreed by the company that objections to street paving would be withdrawn and that the work would be pushed. There has been one delay after another and now the city faces the strong probability of going thru another winter with East State street in almost an impassable condition."

Company Has Played "Horse."
Mr. Widmayer declared that the company had "played horse" with the council and after securing all concessions desired, by a game of waiting had put the council in a bad position by leaving improvements undone. The commissioner said further that not a single street that the company had started to pave had ever been finished and he said that while he realized it was not possible to get the nose brick needed for the West State street pavement, that if the company had really desired to get these bricks that the condition could have been anticipated and the order placed more than a year ago.

All this discussion came about when Commissioner White made complaint about the carelessness with reference to the opening of pavements and streets. It was brought out by Mayor Rodgers that in some instances referred to the company had paid the fee specified by ordinance and the money was on hand to make the replacement of pavement and foundation. Mr. White's charge was that in one instance where a permit had been issued to open the street, that five or six openings had been made on the one permit.

Commissioner Martin expressed the view that if a fire truck should get into the unopened space between the rails on West State street and be damaged that there would be a just basis for a suit against the railway company. However the mayor and commissioners frankly acknowledged that they "didn't know what they could do about it" so far as forcing the paving work this fall for there is an acknowledged shortage of workers and material.

Water from Morgan Lake.

Mr. Vasconcellos reported that water supply was such that it was now necessary to draw from Morgan lake. He mentioned too that his department was greatly in need of some new bulbs and could not give any better street lighting service until money was forthcoming from some source to purchase these supplies. Mr. Widmayer said that the city did not need bulbs any more than it did some other supplies and that there were no funds available for any purchases at the present time.

Mr. White in making his complaint about the opening of the streets, said he had no special quarrel with the Railway and Light company but that a stricter observance of the law should be required. He was complimented by Mayor Rodgers on the work he had done with two or three men in the paving repair at the corner of Prairie street and West College avenue. The commissioner said if he could secure four or five men he could do a large amount of repair work and put the streets in fair condition for the winter.

City Sells Hogs.
Mr. Martin reported the sale of some hogs which had been fed from the garbage department, the profit being \$371. The commis-

sioner explained that the plan followed was by agreement with Benjamin Reese, who purchased the hogs and agreed to stand any loss by disease and give the city three fifths of the profits.

Following some reference by Mr. Widmayer to Mayor Rodgers' candidacy for the legislature Mr. White said he didn't believe the mayor wanted to be elected or he would authorize the expenditure of money for light bulbs in the first ward. "That has nothing to do with the case," said the mayor. "I would be glad to have these supplies purchased if the city had the money. So far as my candidacy is concerned, if the people want me to serve in the legislature I shall be glad indeed to have their support, but I am not endeavoring to shape city affairs in any special way to get votes."

Mayor Rodgers said he had received the resignation of Dr. C. E. Black, member of the library board, before he left for service abroad, and he named W. B. Rogers as successor. The mayor stated that W. A. Fay, another member of the library board, was in the army service and he named W. L. Fay to fill out the unexpired term. Both appointments were confirmed. The council then adjourned.

Men's Rain Coats that keep the wearer warm and dry are sold by FRANK BYRNS' Hat Store.

MISS BROCK'S WILL IS FILED

The will of the late Miss Mary Brock has been filed for probate in the office of County Clerk Boruff. The will was drawn Nov. 2, 1915, with Mrs. E. W. Campbell and Mrs. M. E. Layton as witnesses to the signature. Dr. J. R. Harker is named executor and is to serve without bond. After making various bequests the testatrix provided that one-half of the residue of the estate shall go to Illinois Woman's college and one-half to Passavant hospital. Some of the individual bequests are as follows:

To H. B. Harvey, Cisna Park, Ill., \$600.

Home Missionary society, M. E. church, \$200 and watch and chain.

Forest Hill Cemetery association of Greentown, Ind., \$200.

Polly Reynolds of Millford, certain house furnishings.

Bequests of \$50 each are given to the following: Hannah Gilbert, Sarah Ruley, Silas Brock, Henry Harvey, Florence Easley, Henry Strain, Sarah John, Miner, va Harper, Edith Good, Ollie Reynolds, Elvira Brock. All of the remainder of the estate goes as indicated above, to Illinois Woman's college and Passavant hospital.

TO ALL MERCHANTS OF JACKSONVILLE

The following transfer men have found it a job, under present conditions, to make both ends meet at the rate we are now charging.

Commencing October 1st, our rate will be 10c cwt. for all L. C. L. freight from freight depot, and 12 1/2c cwt. on furniture.

Hoping you see the justice of this raise, we remain,
Very truly,
Jacksonville Transfer Co.
Rabbitt & Co.

A GREAT DAY AT WESTMINSTER

Sunday was a great day at Westminster church. Dr. Landis, appropriately to the day gave a fine sermon teeming with patriotism, and rousing his people to profound attention. Westminster has always been noted for its patriotism, and Sunday revived that long time habit. The sermon was pronounced the best Mr. Landis has delivered. In the evening Dr. Landis went to Woodson to preside and help the "drive" for funds there.

The Rev. Marion Humphreys of Springfield, Presbyterian superintendent, held a meeting of the officers of Westminster before the evening services.

In the later service, Mr. Humphreys preached with much power, receiving the closest attention from a larger audience than usual at night. His theme was "The Might of God" and he elucidated his subject fully. It was a day, all in all, long to be remembered.

GEORGE H. HALL REPORTS ON WEATHER

George H. Hall, United States weather observer at Alexander, makes the following report on the weather for September:

Mean maximum 72.3. Mean minimum 48.8. Mean temperature 60.5. Maximum temperature 84 on September 1. Minimum temperature 32 on Sept. 20 and 27. Total precipitation, 5.10 inches. Greatest in 24 hours 2.12 inches. Sec. 4. Number of days of 1-10 inches or more precipitation 9. Clear days 12. Partly cloudy 13. Cloudy 5. First killing frost was on September 20. However, it did not do much damage.

REVIVAL AT CONCORD

It has been announced that the revival series at Concord Christian church will continue thruout the week. Rev. Mr. Bolman has announced his theme for tonight as "Home's Two Altars," and for tomorrow night, "The Power of a Great Conviction." The attendance at the service Sunday evening was unusually large and there is manifest a growing interest in the services.

MR. AND MRS. BUFFE RETURN TO KANSAS CITY

Mr. and Mrs. Fred G. Buffe and children have ended a brief visit at the home of Mr. and Mrs. O. F. Buffe on West Lafayette avenue and have returned to their home in Kansas City.

LIEUT. DOOCY MAKES SUPREME SACRIFICE

Pittsfield Boy Killed in Action on September 12—Had Been Cited for Bravery and Had Been Awarded Distinguished Service Cross.

Many friends here heard with regret of the death of Lieutenant Elmer T. Doocy of Pittsfield, who was killed in action in France on September 12. Word was received from Pittsfield Sunday evening.

Lieutenant Doocy was well known here where he resided for a short time, the family home being on Westminster street. Lieutenant Doocy was well known as an athlete. He played football here as a member of the Pittsfield High school football team and later as a member of the team of Wesleyan University against Illinois college. He graduated in law from Wesleyan and was engaged in the practice of his profession with his father in Pittsfield when war was declared. He entered an officers' training camp and was recently promoted to a first lieutenancy.

The following is the official communication issued by the War Department at the time he was cited and decorated for bravery on the battle field. The order shows unexcelled bravery and his military career, altho brief, should be a source of great satisfaction to his family and friends.

"Washington, D. C., Sept. 12. "Lieutenant Elmer T. Doocy of Pittsfield, Ill., was one of the 17 American soldiers reported as receiving the distinguished service cross for heroism on the battle field in General Pershing's communique tonight. In reporting the award to Lieut. Doocy, Gen. Pershing made the following citation:

"Second Lieut. Elmer T. Doocy, infantry, Pittsfield, Ill., for repeated acts of extraordinary heroism in action near Suippes, northeast of Chalon - Sur - Marne, France, July 14 and 15, and near Sergy, northeast of Chateau Thierry, France, July 18, 20 and 31. After being severely wounded, with utter disregard for his own safety and comfort, he remained on duty with his platoon under heavy fire of gas and high explosive shells. Again on Hill 212, near Sergy, he led his platoon and that of another wounded officer forward into a machine nest under heavy fire, capturing four prisoners and two machine guns, and two days later, at night near Sergy, at great risk of his own life, he bravely went out in front of a German sniper and brought back into the line a wounded corporal of his platoon."

ATTENTION, KNIGHTS TEMPLAR

Stated convocation of Hospitalier Commandery this evening. Work. Visiting Knights welcome.

Julius G. Strawn, Com.
John R. Phillips, Rec.

PATRIOTIC SERVICE LEAGUE NOTICES.

At 7:30 this evening the refugee sewing class are requested to meet Miss Marcella Sleszer in the domestic science sewing room of the David Prince building.

Rev. W. E. Collins wants to meet all who will join a singing class in the David Prince auditorium as he will have some special work interesting to do in the near future and hopes to organize something which will be of much interest and value.

At 8 the dramatic class will meet in the David Prince auditorium. Also the gymnastic and folk dancing classes will meet with Miss Willella Miller and her assistant, Miss Fuhr in the David Prince gymnasium. Miss Miller will have the management of these two classes for the present, as Miss Robinson finds it impossible to take the gymnastic section. It has been suggested that these two classes be combined under the management of Miss Miller and her assistant and feel sure the best results will be accomplished.

Last Tuesday section two of the military drill class nearly exhausted the most exhaustless drillmasters in the city. Tho they were more than a whole gymnasium full, Lieutenants James and Farrell managed to get the giggles out of these girls in two hours. It is hoped they will have the courage to attend Thursday evening and that any other home guard who may feel the call to duty—not to save the country but to have a man's life—may come to their rescue. Section one, 7:30 to 8:15. Section two from 8:15 to 9 Thursday evening.

CIVIL SERVICE EXAMINATION

Post Office Clerks and Carriers. An examination for post office clerks and carriers will be held at the post office in this city on Oct. 28, 1918.

Age limit, 18 to 45 years on the date of examination. Hereafter wives of soldiers and sailors will be admitted to all Post Office examinations. Applicants must be physically sound, and male applicants must be not less than 5 feet 4 inches in height in bare feet, and weigh not less than 125 pounds without overcoat or hat.

For application blanks and for full information relative to the examination, qualifications, duties, salaries, vacations, promotions, etc., address immediately, J. B. Sibert, secretary board of Civil Service Examiners, Post Office, Jacksonville, Ill.

SUIT FILED.

Mrs. Frances Norman, by her attorneys, Bellatti, Bellatti & Moriarty, has brought a foreclosure suit against Mrs. Mary E. Campbell. The amount of the indebtedness claimed is \$600.

Fur remodelled. Coats a specialty. Mrs. Abbott. Ill. 881.

Dollar for Dollar

Money is wasted when it is put into clothes that do not represent its true value. The labor put into their making is wasted and the material which might be used to advantage elsewhere is wasted

Good clothes are those which return in value to you the worth of the money you expend on them. Value in style and in material.

Your purchases here are a safe investment. We're back of every garment until your satisfaction is complete.

Read Journal Want

INFANTRY

(By Thomas L. Johnson)

The following is the fifth of a series of articles on the war written for the Journal by Thomas L. Johnson, until a few months since a lieutenant in the British air service and relieved from duty because of injuries. It is Mr. Johnson's purpose to give some facts about present day methods of warfare not known to many private citizens:

Of all the branches of the service, I think the Infantry is about the hardest. I am not talking

BREAKS A COLD IN FEW HOURS—TRY IT

Best Dose of Pape's Cold Compound Relieves All Grippe Misery.

Don't stay stuffed up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose running; relieves sick headache, dullness, sore throat, sneezing, soreness and stiffness. "Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of Dr. J. C. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations, and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. **What is CASTORIA?** Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its action is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

MORE ANTI-HOG CHOLERA SERUM IS BEING USED

Department of Agriculture Warns Against Proprietary Nostrums, Said to Be Harmful

WASHINGTON—More anti-hog cholera serum was manufactured last year than in any previous year, despite a decrease in the amount of hog cholera, according to reports to the United States Department of Agriculture. The increased demand for anti-hog cholera serum is ascribed to the greater value of hogs, with the consequent greater loss when one dies, and to the fact that hog raisers are becoming more appreciative of the value of using serum manufactured under Federal supervision. Department of Agriculture officials warn hog raisers against indiscriminate use of medicines or proprietary preparations other than serums, as experience has shown that nothing except serum, properly prepared and administered, is effective. Medicines other than serums, according to department officials, are worse than useless, because they not only fail to cure or prevent disease, but allow the loss of the animals they are advertised to save, thus taking money from the farmer and meat from the nation's supply.—St. Louis Post-Dispatch.

A. C. Hodson, Pres.

Hog Raisers will Have to get Together if they Ever Do what the War Boards of this Country Expect Them to Do

You are asked to raise more hogs to provide for the increased demand for more pork that this country and Europe needs so badly and that must be produced if this war is to be carried to a successful issue. It is the duty of every farmer who can raise hogs to see that every pig lives to mature into a market hog. You cannot feel assured you are going to grow and finish for market all your pig crop if you have not given them the protection from cholera that vaccination gives when a known, dependable and protective anti-hog cholera serum is used.

Saving hogs from cholera is a fight against an insidious enemy. There can be no uncertainty, no temporizing, no compromise. You must have a dependable serum, a product that has been through the crucible test. It is just this kind of serum that this farmer's serum company offers you. The Swine Breeders' Pure Serum Company has put out a serum for over two years that has met every requirement under government regulations. It has proven to positively protect hogs from cholera and has yet to record a single break. Thousands upon thousands of hogs have been protected by it. Its record is unique and stands in a class by itself.

IT'S IN THE MAKING THAT GIVES THE USERS OF OUR SERUM THE POSITIVE ASSURANCE OF PROTECTION.

The purpose behind the production of our serum is to save hogs, to make a product that has the uniform potency that must go with positive protection. The serum that is made from this farmer's plant differs greatly from others because it is made differently. A study of our method of making serum will convince anyone our product is made right and its potency, protection and dependable qualities are tested and proven always before used. The right method of making has been found and the right serum is being produced. The hog men themselves know better than any other class their needs. They cannot depend on the usual commercial ways. Pork is too valuable to take chances, besides the world needs meat. So positive has been proven the correctness of our methods of manufacture and the class of men interested in our serum that it is with pride and confidence we ask hog raisers to interest themselves about our serum and to make investigation concerning our plant.

In this advertisement, we can only announce what we positively know and extend to the reader an invitation to concern himself and make full investigation. It will be to any man's advantage to know our method of making serum and our plan of distribution. For full particulars write the secretary, Mr. Silberberg who will gladly call and explain everything. Mr. Fred Seibert and Grant Gaines are duly authorized agents and will explain all details.

J. Marley Riley, Sec'y

Farmers & Breeders Serum Co.

Offices—Thorntown, Ind. Serum Plant—Plainfield, Ind.

party remains in the trenches and repairs broken barbed wire immediately in front of their trenches, fills sandbags for new parapets for their trenches and repairs the trenches themselves if any part of them was blown in during the day. After his stay in the trenches the infantryman has to march to his rest billets or if too far behind the lines, he is placed with 40 or 50 others in a small freight car and so sent down to his rest.

During 1917 and the early part of this year when I was with the army in France, the stays in the trenches were 4 days in the fire trench, 4 days in reserve and 4 days out, then all over again. The division used to go for a long rest (two weeks) about every six weeks. That is, we would be in a position six weeks, then go out for a rest for two weeks, then go to some new position. When the infantryman (in the British army) comes out for a rest, the first thing he does is get the mud off his clothes and equipment and after that his rifle, then he rests. While he is out for a rest he also drills, (just so he will not forget how) and does the usual fatigues, (working parties). On his long rests, he gets manoeuvres and all other kinds of drills, lectures, etc. I do not know how the doughboy in the American army fares, but if it's anything like the Tommy in the British army he has a tough time of it.

During 1914 and the early part of 1915 when the British did not have very many men in France, they had their men in the trenches as long as 20 days at a time without a rest. There was one division that was in action (in the firing and reserve trenches) for 34 days without a rest. I did not see them when they came out, but I can imagine what they looked like. After they got more men in France the stays in the trenches became shorter until it was established as 4 days in, 4 days reserve and 4 days' rest for six weeks or so, then a long rest.

In the French army during 1914 and 1915 conditions were just as bad, the infantry having to stay in for 15 to 30 days at a time without going out for a rest. They also have nearly the same system in force as the British, now that they have so many more men than they had at that time. The infantryman is his own baggage wagon. He carries everything he owns on his back. To give you a little idea of what the British infantryman carries in the way of clothing and equipment, I give a list of everything that is issued to him and that he is supposed to have. To see that he has it, there is kit inspection every week during which the company officer goes around and sees every man's kit in his company laid out ready for his inspection.

Clothing. 3p. 3p. r. 3p. 3p. da. 3p. He wears: 1 cap, 1 blouse, 1 pair trousers, 1 suit underwear, 1 shirt, 1 pair socks, 1 pair boots (shoes), 1 pair suspenders, and in winter, 1 overcoat.

Equipment Carried. 1 pack, 2 braces, 1 belt, 21 cartridge pouches, 1 haversack, 1 water bottle and holder, 1 mess tin and cover, 1 entrenching tool and carrier, 1 rifle and bayonet, 1 shrapnel helmet, 120 rounds ammunition, 1 iron ration (about which I will say more further on). When going in the trenches an extra wandolier with 100 rounds of ammunition is also carried. Then there is the shaving gear, soap, tooth brush, comb and hair brush, writing pad and envelopes, and as a general rule a few nose caps of shells are collected to be taken home as souvenirs when his turn for leave comes around. Altogether he has a fairly good sized load and on a forced march of 25 or 30 miles he knows it. But they don't seem to mind it. They seem in the trenches to carry a heavy load or no load. Each man is responsible for his kit, his number is stamped on every article he owns and if he loses anything, due to his own carelessness he has to pay for the replacement.

During an attack the infantryman goes over in what is known as fighting order, that is with nothing but the clothes that he wears, and braces, ammunition pouches, rifle, bayonet, entrenching tools, water bottle, haversack, ammunition and iron ration. The iron ration is carried in his haversack and the water bottle is supposed to be filled with fresh water.

The iron ration is composed of 6 large biscuits, one pound tin of tinned corn beef, some tea and sugar and bouillon cubes. That is carried by every one in the army, issued to them just as soon as they arrive in France or at any other of the fronts. The iron ration is not supposed to be touched unless one is in a place where no food is available and then only if one has had no food for 36 hours.

Sometimes there are items in the newspapers describing the adventure of some man, who was wounded and who had to live out between the lines for 6 or 7 days and lived from the rations he found on the dead that were lying in his vicinity. Those are the iron rations. As a general rule every man carries them and carries out the orders concerning them.

For some reason or other the infantryman who does the most fighting is the poorest paid soldier in an army. In the British army up to Oct. 1917 the infantryman received 1 shilling a day, (24c). Last October it was raised to 1 shilling and six pence (36 cents). During the time the infantryman who was in the trenches nearly all the time received 24 cents a day, artillery men who were seldom in the trenches received 44 cents, engineers 62 cents, Medical corps 36 cents, motor transport \$1.46, horse transport 62 cents, etc., etc. Now with his raise the infantryman is still the poorest paid soldier although he does the fighting.

Before the Tanks were invented and before the British had their full supply of artillery an attack meant that quite a few of the infantrymen would never come back. Having very little artillery the barbed wire was not broken in many places in front of the German trenches, the machine gun emplacements were not knocked out, and the trenches not smashed up enough, so that when the infantry went over the Germans' trenches, wire and machine gun emplacements were nearly intact, the Germans were either able to beat off the attack with heavy losses to the British or inflicted heavy losses before they were driven out of their trenches. In either case the British lost heavily and 90 per cent of the casualties were infantry men.

Since the tanks arrived on the scene and the British have as much artillery as they need, a new system of attack is in force. The artillery in their preparatory fire break up the wire pretty thoroughly. What they don't do in that line and smashing up trenches and machine gun emplacements, the tanks finish shortly after. Fifteen minutes before the time set for the infantry to advance arrives, the tanks set out for the German trenches and they play havoc with anything the artillery has left whole. Then the infantry comes. First the front wave, in extended order walking across no man's land, then the second wave 3 minutes later, then the third wave 3 minutes after the second. Objectives are taken and more ground gained. Now the infantry does not lose so many men in casualties, they are far better protected. Although our boys are superior to the Germans in man to man fighting, they cannot stand an artillery attack when they have none to support them. Now that they have, there are not so many losses.

It's up to the infantry to go over the ground. It's they that have to take it. Although the artillery and tanks eliminate 70 per cent of the enemy, the other 30 per cent are still there in funk holes, dug-outs, concrete pill-boxes, etc., and the infantry that has to rout them out of it, so the majority of the credit for driving the Germans back belongs to them. They deserve it too, because they do the work and take all the risk. As soon as they get into the German trenches and any Germans are in sight, they are right onto them, clean them up, then go thru the dug-outs and rout out the Germans in them. It's not so easy as it sounds. There is danger in every nook and crevice of those trenches. Until a German is absolutely cornered, where he cannot do any more damage, he will fight, but just as soon as he sees he is in any danger of getting a bayonet into him he will throw up his hands and surrender. Even after he has surrendered if he is given any chance he will attack his captor unexpectedly.

The infantryman is necessary, someone must do that work. Personally I would not care anything about it, but I must say that if there is any branch of the army that deserves lots of credit and gets very little it is the infantry. This time I make no appeal. By now you should have bought your Liberty Bonds. But there is still time.

Island Grove Chapter of the Red Cross will have a flag raising Thursday afternoon, Oct. 3rd, 2:30 p. m. at Berlin, followed by a chicken fry in the evening. Richard Yates and Elza Williams speakers.

FUNERAL SERVICES FOR CARROLL GRAY

Were Held From M. E. Church— Reception for Rev. F. E. Smith — Waverly News Notes.

Waverly, Ill., Oct. 1 — A large crowd attended the funeral of Carroll Gray at the First M. E. church Sunday afternoon. The teachers and pupils of the high school attended in a body.

A reception will be held Tuesday evening in the basement of the First M. E. church for Rev. F. E. Smith and family. Rev. Mr. Smith has been returned as pastor for another year.

"My Four Years in Germany" will be shown at the Bijou Theatre, Oct. 8th and 9th. Both afternoon and evening.

Mr. Bird Peebles arrived Saturday from Carlisle, Pa. Mr. and Mrs. Peebles have moved to their new home which they purchased from Dr. M. F. Woods.

Miss Helen Wyle of Jacksonville visited over the week end with her parents, Mr. and Mrs. E. B. Wyle.

Miss Lucille Parkinson has gone to Champaign where she will attend the University of Illinois.

James Bryan is the new janitor at the high school. Clarence Sperry having resigned as he expects to be called in the next draft.

Lowell Hughes left Sunday for Champaign to enter the Students' Training School.

Boxing Day of Springfield visited friends here Saturday and Sunday.

Mr. and Mrs. A. C. Moffett have returned from a visit in Chicago.

VISITED GREAT LAKES. Dr. J. O. Applebee and wife have returned from a week's visit with their son, Lieutenant Alpha B. Applebee. The latter is just recovering from a couple weeks' sickness of influenza, being able to ride out Saturday afternoon.

Doctor Applebee enjoyed three visits at the Great Lakes Naval Training station, the last time being the morning of the Jackies' parade before the Bankers' Convention from Chicago.

R. A. McCarty helped represent Bluffs in the city yesterday.

LIEUT. VASCONCELLOS. Lieut. Vasconcellos, to whom reference has been made as to his exploits in aviation comes of fighting blood. His grandfather, Joaquin Vasconcellos gave his life for the country in the Civil War. The family lived at the northwest corner of Lafayette avenue and Diamond street. The mother of Lieut. Vasconcellos was Miss Dunbrack, daughter of a well known business man here, before and after the war.

Charles H. Dunbrack. Her only sister was the second wife of Jerry Cox. CALLED TO DETROIT. BY ILLNESS OF SON. Word was received Sunday by Mr. and Mrs. William Horton, east of the city, of the serious illness of their son Frank Horton, with pneumonia at the U. S. Naval Training camp at Detroit. Mr. and Mrs. Horton, accompanied by their son, Arlight, left Sunday night for Detroit to be at the bedside of their son.

Wanted—Girls, boys over sixteen and women to pin chickens, \$8 per week guaranteed while learning; can make \$18 per week. Apply Superintendent Swift & Co. Earl Fox of Virginia visited the county seat of Morgan yesterday.

President Wilson's Message --

"The world's food reserves are low, and therefore the fate of the nations rests in a large measure upon the farmers of this country."

World's Food Supply Low

In this time of great need it is a crime, a tremendous waste, to burn straw, when we are told by men who know the wonderful value that we can obtain by using a spreader.

The Simplex Pays for Itself

This is a double-duty machine and will spread satisfactorily any kind of straw or manure. It has a variable force feed, spreads thick or thin and covers a width of twenty-one feet at a throw.

The time to spread straw is right after sowing, and before the fall rains. Be prepared to reap the benefit and increase your crop 25 per cent without extra expense.

Come in and look us over. We are always pleased to show you.

WHERE QUALITY RULES AND SERVICE IS KING!

Start the Day With SALINOS

The Pleasant Laxative Salts

You'll Feel Better For It

Take a little Salinos in a glass of cold water when you first get up. By the time you have eaten your breakfast you'll get results. Then you'll be ready for the day's duty; full of energy and vim; your system cleared from accumulated poisons.

Truly Pleasant Laxative Salts

Truly pleasant in both taste and action. There is none of the nauseating taste so common in salts and mineral water—just a pleasant mildly acid flavor enjoyed by a slight effervescence. You'll really enjoy Salinos.

Good For the Whole Family

Every member of the family needs Salinos occasionally. Everybody should use it now and then to tone up the digestive tract, flush the liver and kidneys. Salinos is good for children; good for old folks; good for everybody. Good because it gives results without creating any habit whatsoever.

Children Like Salinos

Children take it without any resistance because it is free from "medicine taste." It is excellent for them because its action, while prompt, is so free from discomfort. It keeps them clean inside—makes them less susceptible to sickness.

25,000 Doctors Tested It

More than 25,000 doctors have learned by thoroughly testing Salinos how effective it is. Ask your doctor, he knows.

Try Salinos. Get a Package Today. It's Great to Feel Good!

Leo Shapiro Company Minneapolis

Start The Day With Salinos. You'll Feel Better For It

We Can't ALL Be There

We can't all have the glory of individual conflict with the hun—of smashing his lines again, and again, and again; of chasing his legions across the Rhine and carrying the war home to those who started it.

Believing that it is the duty of every person who enjoys the freedom and privileges of citizenship in our great Country to do his utmost to help win the war, the following firms and individuals have patriotically contributed the money to pay for and other advertisements of the Fourth Liberty Loan.

But we can all *share* in that glory by giving our fighting men full, loyal, unstinted support; by seeing that they lack for nothing in men, guns, food, munitions, or the ships that are so vitally needed to transport them.

We can furnish the money our Government has asked for: the money that will send more fighting men to France; that will keep them supplied when they get there; the money that will hasten the achievement of VICTORY!

And we can render this vital aid without sacrifice to ourselves, by *lending* our money, at good interest, to the wealthiest, strongest nation in the world.

Buy Fourth Liberty Bonds

"Don't let the SON go down"

You don't have to pay all cash for your bonds. You can make the first payment from cash in the bank, and take care of the balance out of your daily, weekly or monthly savings.

The forced saving you do now will mean a

nice nest egg later, for the bonds you buy now and pay for as you go along, will prove a splendid investment that will pay you a good interest every six months. After the war, the bonds will be worth more than you paid for them. Don't hesitate to do your duty and do it quickly.

Prunes, 60-70	12c to 13c	15c to 17c
Sugar	\$9.88 to 10.33	\$10.50 to 11.25

PEACE TALK DRIVES GRAIN PRICES DOWN
CHICAGO, Sept. 30.—Hopes of a speedy general peace have driven grain exchange prices today downward like magic. After continuous selling and an extreme break of 7 1/2c corn closed 3 1/2c net lower. Oats showed a setback of 1 1/2c to 2 1/2c. Provisions varied from 10c decline to 15c advance.
In the corn market chief influence at first was news that signing of an armistice had made Bulgaria's surrender complete. Sharp breaks followed with which the market opened was followed by a rally but reports of forward sweeps by the entente allies, and talk of possible peace move by Turkey if not by Austria, caused pressure to liquidate holdings and the rest of the day support was lacking except from shorts who had profits.
Oats and provisions succumbed to the same factors that carried down corn. Theories that peace talk was bullish as to provisions failed to work.

\$14.00 @ 16

"With the Colors"

Letters of Interest from Morgan County Boys in the Country's Service.

AUGUST PHALEN WRITES MOTHER.

Camp Mills, Long Island, N. Y.
Dear Mother:
This is Sunday morning and I have just been to church and will try to write you a few lines. We arrived in New York Tuesday morning last, and this is quite a change from the sand. We are located just outside of the city of New York, and can go in on a trolley for 25 or 30c. The people here are quite different also. They try and show a soldier a good time wherever he goes. I received the pen you sent me and am writing with it now, it is surely a peach, and is just what

I wanted.

We had a nice trip from Camp Shelby here, saw some fine country. But I still think old Illinois is hard to beat if it can be beat. Down in Virginia there is some beautiful scenery, especially in the mountain country. New York is also a very nice state. They don't raise much in the way of grain or that sort, more fruit and tomatoes and the like.

We unloaded at Washington, D. C., and took exercise right down in front of the capitol building. But we didn't never see the President. Maybe he didn't know Co. B was in town. Ha. We could also see the White House back in the distance with a great flag floating in the breeze, yes it looked homelike alright. Also Washington monument is a

pretty sight. That we were very close to. We came thru Baltimore, Md., and Philadelphia, Pa., and two southern cities you have heard lots about, Birmingham, Ala., and Chattanooga, Tenn. But the best and most interesting, New York with all its sky scrapers and beautiful scenery. We crossed the Hudson river just where all big steamers take to sea. There was a large transport just coming in and several big battleships lying close by, also a steamer that had been torpedoed in mid ocean and I don't see how she ever made her way in. The best sight of all, Statue of Liberty with outstretched arms bidding welcome to all. Is beautiful at night, when all light up, you can see it for miles and like a mountain, you think you are close by but you may be many blocks away. You spoke of John being at Long Island. Maybe I will beat him across yet. I have been made Corporal so I guess he hasn't anything on me, unless he has been made Sergeant.

As I write here, there is a whole sky full of airplanes, doing all kinds of stunts. They fly in groups like you would see wild ducks flying over in springtime and exactly the same formation. Tell everybody hello and take good care of yourself. Write soon. Goodbye.

August Phalen,
Co. B, 138th M. G. R. N.,
Long Island, New York.

NOTICE

Farmers and Stock Raisers—Now is the Time!
WHAT FOR?

To Feed Your Hogs and Pigs "SURE FATTEN"
Digestive Tankage

It develops bone and muscle and will increase the weight of your hogs and pigs from 1½ pounds to 2 pounds per day. It contains 60 per cent protein. No cheaper food on the market. It is the most economical source of digestible protein known. It contains twice as much protein as oil meal and five times as much as middlings, shorts, shipstuffs or alfalfa meal. Ask your neighbors or feeders of tankage what it is doing for them.

Price \$100.00 per ton, or \$5.00 per bag.
Manufactured by the

Jacksonville Reduction Co.

HENRY PINKERTON WRITES FROM FRANCE.

Harry Pinkerton writes the force at the store of Andre and Andre:
Somewhere in France.
The Andre Bunch:

GET RID OF THAT PERSISTENT COUGH

If you are subject to weak lungs, need the cough as a warning. ECKMAN'S ALTERATIVE may aid you in stopping the cough. In addition, it is a valuable tonic and health-builder in such cases. No alcohol, narcotic or habit-forming drugs. Twenty years' successful use.

80c and \$1.50 Bottles at all druggists or from manufacturer, postpaid.
ECKMAN LABORATORY,
Philadelphia

Wish I could write you some of the happenings from July 14 to 21, about the most horrible you can imagine; all our trucks and camoufles (Y. M. C. A.) were used to carry the wounded and gassed from the lines to the evacuation hospital, for a whole week it was next to impossible to get any sleep. We served hot chocolate and cakes right on the front lines, and if you could have seen the look of gratitude on our poor boys' faces you would know that we were well paid for our services. So many are so young like my own blessed boy, but grit thru and thru.

Well, I have forgotten where I left off in my last to G. B., but here goes. We were on the front more than two months making history for the whole world, during that time I had some varied and wonderful experiences. I am attached to the 3rd Div. Regular army and have seen about all there was to see in modern warfare.

I think I wrote G. B. some of the happenings from July 14 to 21, about the most horrible you can imagine; all our trucks and camoufles (Y. M. C. A.) were used to carry the wounded and gassed from the lines to the evacuation hospital, for a whole week it was next to impossible to get any sleep. We served hot chocolate and cakes right on the front lines, and if you could have seen the look of gratitude on our poor boys' faces you would know that we were well paid for our services. So many are so young like my own blessed boy, but grit thru and thru.

Wish I could write you some of the happenings from July 14 to 21, about the most horrible you can imagine; all our trucks and camoufles (Y. M. C. A.) were used to carry the wounded and gassed from the lines to the evacuation hospital, for a whole week it was next to impossible to get any sleep. We served hot chocolate and cakes right on the front lines, and if you could have seen the look of gratitude on our poor boys' faces you would know that we were well paid for our services. So many are so young like my own blessed boy, but grit thru and thru.

I get the very best treatment, plenty to eat and plenty to wear. While on the front I always slept in my rollup, hob-nails for a pillow. Usually my canteen was in a stone billet, three weeks in a stone house in all kinds of shell torn buildings, always of stone, in dugouts of all descriptions.

We were not allowed to have any gatherings on the front, and about all we could do was to get them something to eat, drink and smoke, and help with the wounded.

Most of the time my job was making hot chocolate and serving it and so glad that I am so well and able to do it; very seldom saw any of the other Y's, only the truck driver who brought me supplies.

This was one time I had a chance to do something that really counted. A very few times we sang and had prayer. Imagine Pink leading a religious service on the front. The boys appreciated it and I should worry what Dr. Pontius or Dr. Madden would have said.

On leaving the front for the rest camp we drew four days rations of corn willies and hardtack (and not bad stuff to take), travelled by truck train over a most beautiful country, intensely cultivated small fields laid out with geometrical precision. No poor or indifferent farming in France that I have seen and I have seen many, all show the same careful intelligent attention, rows absolutely straight save when the contour of the field or water course makes it more convenient to bend them in graceful curves.

Crossed beautiful rivers and canals, women on the tow-path and at the rudder, they do the greater part of the farm work, and you would be surprised to see how little is wasted, every head of grain and whisp of hay, saved even up close to the front.

Very few modern farm implements and those are all American make. The scythe and cradle harvest most of the grain and many use the old nap-hook. Their threshing machines are very small usually run by tread wheel power (one horse). I saw one in operation yesterday just across from my billet, (the farmers all live in villages), it was run by one old man, one girl, a boy and a woman. The straw was tied in bundles and stored in the stable. Down the street was a woman operating a thresher all alone, it was about the size of our old wheat fans, and she turned the wheel that threshed the grain.

While on the move, and we do it quite frequently we sleep on the ground, three blankets, shoes for a pillow (sleep fine too). A fine fellow from Arkansas on my right and on my left a splendid one from Boston, next to him two lieutenants, who are splendid officers.

They are so nice to me: I mess with the men, and here in the rest camp I am billeted with the officers and as the boys say I have a real "honest to God bed." A room all to myself, in a French home with grand old solid mahogany Louis XIV furniture, wonderfully carved and richly upholstered in red silk plush. The bed is a built in affair in a small alcove with the grandest draperies of red velvet, festooned at the top by heavy cords with great tassels, and at the sides with carved chains, and would you believe it, mattress, springs and soft pillows and fine linen and a pleasant room, yet I do not sleep nearly so well as when in my roll-up and right in the mighty conflict.

These "Frog" beds are too soft for the army. My work here is much different to the front as we can have programs and meetings of all kinds. My canteen is open from 10 to 12 a. m., 2 to 4, and 6-8 p. m. The rest of the time is very pleasantly spent in working up programs, and baseball, boxing bouts and all kinds of athletics.

This "Frog" language is fierce for me, can speak two words fluently viz "we" and "we we". Manage however to get some sense from the newspapers, but pronunciation is so different from the way it looks, and so many of the letters are silent like x in cow, just about as sensible.

A school boy aged 13, lives in this home and gave me a French history and with his help I am able to get quite a little out of it, quite interesting to note what the French said about Washington, Lafayette and Rochambeau. I have a Montgomery's and compare the two.

The family is so very kind to me—a mother, son, 13; daughter, and an old grandfather.

(father is on the front with the French Red Cross. They are quick, anxious to learn to speak American. They don't like to call it English.

Yesterday they asked me if I was Catholic or Protestant and last night I found on my table a splendidly bound American Bible opened at the Book of Psalms. They are very devout Catholics and show me the greatest respect.

The grandest old churches in every village, this is just a small village but a splendid church wonderful pictures adorn the walls and the statuary, too, are masterpieces. One of the paintings is dated 1601. The body of St. Florine encased in glass roses under one of the arches. Think probable that Joan of Arc, worshipped at this altar.

This is a wonderful country in many respects, the roads are all macadam with trees planted regularly on either side, many of them more than 100 feet high and in many places every other is an evergreen. A profusion of flowers line the road side and fields, crimson poppies, daisies, butter cups dandelions, Wilson (dwarf) and so many others, whose names I am not familiar with.

We probably will be here a few weeks then off for Berlin for the "Fit 3rd Div." I am so glad, that I am with a regular outfit, that has done so much.

I am enclosing you a copy of general orders No. 33 have mailed one to Mrs. P.—but she may not get it as I know some of my letters have been lost. I also got a personal commendation from our chief which I sent to her in No. 15 which I prize most highly.

Talk about souvenirs, well I could have had Central Park full of them if I could have had some means of transportation, but the less we have when we move the better off we are.

I want to thank you for your kind offer to send me anything for my comfort, just write me "brancoup" letters can't possibly tell you how much they are appreciated. A letter from Aunt Lou Ogden or Aunt Fanny Lak or even one from my old friend Cass would not find its way to the waste basket until it was read and read many times.

Well I have tried to find a stopping place in this jumble but "you all" know me and I know you will pardon the effort.

Wishing you all the good things that may come to you in the best of health and spirit.

Respectfully "Pink",
Henry Pinkerton,
12 Me d' Aguessean,
Paris, France.

Or A. P. O. 740 3rd Div.,

MATT STARR POST.

ATTENTION!
All members of the post are urgently requested to meet at Illinois College this forenoon at 10:30 o'clock and participate in the exercises of inducting the students of that institution into the military service of the United States. Your presence will lend an inspiration to these young men who may some day be called upon to go "over there" to preserve the priceless principles for which you gave the best years of your lives to hand down to them. The flag that you brought back from the crimson fields of the Civil War will be maintained unsullied by these boys, for the spirit of '61 will send them over the top just as you went over during the Sixties. Make a special effort to be on hand.

J. M. Swales,
Commander.
C. E. McDougall,
Adjutant.

WILL MEET TODAY.
The Women's Missionary society of Grace M. E. church will meet this afternoon at 2:30 p. m. at the church.

VISITORS FROM PEORIA.

Miss Aloysia Butler of Peoria spent Sunday at the home of the Misses Souza of North Diamond street. Miss Butler's sister, Miss Anna spent the day at the home of Mrs. Frank Haygood of this city.

QUARTERLY MEETING AT BLUFFS FRIDAY

Rev. Mr. Sill Presided — Other Bluffs News.

Bluffs, Sept. 30.—Margaret, eldest child of Mr. and Mrs. Richard Brockhouse, residing two miles east of town, who has been quarantined for two weeks on account of infantile paralysis is convalescent. The other children who were ailing did not develop in infantile paralysis and are now convalescent.

Merle Kory, high school student, had the misfortune to break his right arm below the elbow while cranking an auto Thursday night.

Born to Mr. and Mrs. Charles Bergerer Friday, a son, fifth child.

Born to Mr. and Mrs. Albert Weiss Friday Sept. 27, a son, second child.

L. S. Black arrived Friday night from Springfield to visit home folks.

Raymond Knoepfel who was attending the Carthage college returned home Friday evening to spend the week end with his parents.

Mrs. Emma Frohwitter and sister, Miss Louise Meier spent Thursday and Friday with relatives in Springfield.

Quarterly Conference was held

at the F. M. church Friday night.

The service was in charge of the presiding elder, Rev. Mr. Sill.

Mrs. Fred Mueller entertained a number of little girls at her home Friday evening it being her daughter, Bernice's 10th birthday. The little ladies enjoyed the party very much and after play time had passed, they were served with dainty refreshments by the hostess.

BELGIAN RELIEF ROOMS OPEN THIS AFTERNOON AND TOMORROW.

Belgian Relief Rooms will be open Tuesday and Wednesday afternoons from 2 to 5 on account of the continued contributions.

Twenty one hundred and ninety seven garments packed in nine large boxes are ready for shipment.
